

CR 93/2013—May 6, 2013

On-Street Residential Permit Parking

Policy Description

A policy outlining areas where on-street permit parking is allowed and the method of requesting new or expanded permit parking areas.

The On-Street Residential Permit Parking Policy has been approved by Council resolution 1442/94 on December 12, 1994 and subsequently amended on December 18, 1995 via CR1377/95 and on May 06, 2013 via CR93/2013.

Currently, on-street residential permit parking is restricted to the following areas as determined by the Executive Director of Operations:

- Adjacent to the University of Windsor,
- Within the Central Business District, and
- Adjacent to St Clair College.

New areas (within these restricted areas) to be considered for on-street residential permit parking will be required to demonstrate a 95% community approval rating. This is established through a petition process. The petition is prepared by City Administration and circulated by requesting community representatives.

Permit Fees associated with parking within on-street residential permit parking zones will be as amended from time to time during the annual Operating Budget.
