# THE INTERPRETIVE FRAMEWORK

## CORE MESSAGES

- Windsor has a *unique history* because of its geographical location, natural features, and settlement and development patterns, and the city and the region have occupied a pivotal place in Canadian and North American history.
- Windsor's position as a *border city* and relationship with Detroit has had —and will continue to have —a strong influence on its political, social, economic, and industrial history.
- Windsor has long been a centre of *diversity*, which is still evident in the community today and will continue to shape its development in the future.
