15. NOTICES OF MOTION

Moved by: Councillor Fabio Costante

Seconded by: Councillor Angelo Marignani

Decision Number: CR194/2023

That Rule 13.9 of the Procedure By-law regarding business not already before Council **BE WAIVED** to permit the introduction of a motion for consideration without prior notice regarding a “request to all parties to finalize all outstanding financial matters to immediately resume the planning and construction of the modular, battery cell and dedicated research and development components of the NextStar Energy facilities located within the City of Windsor”.

Carried.

Moved by: Councillor Angelo Marignani

Seconded by: Councillor Fabio Costante

Decision Number: CR195/2023

Whereas on March 23, 2022 the City of Windsor joined with the Federal Government, Provincial Government, LG Energy Solution and Stellantis to announce the first domestic EV battery manufacturing facility would be built and operated in the City of Windsor; and

Whereas the \$5-billion investment in this game-changing new facility represented at the time the investment in Canada’s auto industry, one of the largest investments in Windsor in a century, and was named Canada’s top business deal of 2022; and

Whereas the investment includes the creation of thousands of new jobs between the battery factory and throughout the supporting sector; and

Whereas the City of Windsor has played a crucial role in endorsing the Windsor Works strategy for economic development to help attract this deal, and has worked diligently to assemble land and provide funding to support servicing and preparing the land for the facilities; and

Whereas construction of the battery factory and its success in our region will benefit Canada's national economy, as well as efforts to combat the climate crisis; and

Whereas the ongoing construction of the NextStar Energy EV battery manufacturing facility holds nationally significant economic potential, including job creation, technological advancement and renewable energy development; and

Whereas completion of this project will secure Windsor's strategic location and economic future as the home of Canada's electric vehicle future, and status as the Automotive and Automobility Capital of Canada; and

Whereas the current planning, construction stoppage and project standstill hinders progress on this vital initiative, and places Windsor jobs, livelihoods, growth and development, reputation and strong economic outlook at significant risk; and

Whereas this overall project has been built through unprecedented collaboration and investment across all levels of government and strong partnership with the private sector for the good of the entire city, region, province and country; and

Whereas promoting cooperation, collaboration and open dialogue across all levels of government, across political part lines, and in unison with all stakeholders will result in effective solutions and a sustainable resolution; and

Whereas the success of Windsor, Ontario and Canada and our ability to attract future investment will be measured by how we work together now to respond to this impasse; and

Whereas the Province of Ontario has committed more funding than originally promised in an effort to secure Windsor's economic future; and

Whereas the City of Windsor has delivered on their commitments to province the financial support required to assemble the land and provide servicing for the location of the NextStar EV battery facilities;

THEREFORE BE IT RESOLVED that the City of Windsor, calls on the Federal Government to urgently:

1. Finalize all remaining financial matters with Stellantis/LG Group, enabling the timely resumption of construction activities on all facilities to ensure the successful completion of all committed components of the NextStar EV battery manufacturing

facilities in the City of Windsor, including the modular assembly, battery cell production and dedicated research and development facility;

2. Formalize the agreement;
3. End the current state of uncertainty and stalemate that is threatening the future economic developments in the City of Windsor, Ontario, Canada; and further,

That this decision **BE FORWARDED** to Government of Canada, the Minister of Innovation, Science and Industry, the Province of Ontario, the Minister of Economic Development, local MP's and MPP's, and Vice President/General Counsel - Stellantis.

Carried.

At the request of Councillor Fred Francis, a recorded vote is taken on this matter.

Aye votes: Councillors Fred Francis, Fabio Costante, Renaldo Agostino, Mark McKenzie, Ed Sleiman, Jo-Anne Gignac, Angelo Marignani, Gary Kaschak, Kieran McKenzie, Jim Morrison and Mayor Drew Dilkens.
