Meeting - February 26, 2024
Item: - 8.1. Red Light Camera Update – City Wide (C 19/2024)

An increase of red light cameras are being recommended in order to decrease the risk of accidents due to red light runners. In addition to this I
recommend that pedestrian countdown timers be installed alongside the red light cameras to assist in lowering the accident rates. This has been
implemented in many cities across ON and has been resulted in reductions for both drivers and pedestrians. An example of this was recently experienced in the city of Kingston ON. I've provided the link here for reference.

Collins-Bayridge District Coun. Lisa Osanic recommended that the red light camera system include pedestrian countdown lights at any intersection where the cameras were installed.

Thank you,

Duane Francis.
