## 10. HERITAGE ACT MATTERS

### 10.1. Walkerville Heritage Conservation District Study Presentation & Updates

Marcus Letourneau, Consultant, M. R. Letourneau & Associates appears before the Development & Heritage Standing Committee regarding the presentation "Walkerville Heritage Conservation District Study" to outline the process of the study, give background context and to provide details regarding What is a Heritage Conservation District and What is the HCD study process; The HCD process does not have a predetermined outcome; Characteristics of Heritage Conservation Districts; History of Conservation Districts; The *Ontario Heritage Act* mandates; The Process; Why Walkerville?; History of Special Projects and studies in Walkerville; Scope of work; Walkerville Historical Themes and Features and a summary of the Consultation process to date.

Councillor Mark McKenzie inquires as to the next steps in the process Mr. Letourneau indicates that they are going to compile the information, do historical research with staff, finishing some of the inventory work and in the new year bring forward some of the recommendations and findings from the process and provide recommendations for next steps.

Councillor Kieran McKenzie inquires as to what extent does the Provincial deadline with respect to heritage properties impact this timeline and how much pressure does that put on the City to get through this process in a timely manner. Mr. Letourneau indicates that they have posed that question to the ministry and as of January 1, 2025 any listed properties would fall off the register and would no longer be protected under the *Ontario Heritage Act*. Mr. Letourneau indicates that does not preclude that the City can't move forward with designation, it just means that the City can't relist those properties. This doesn't stop a heritage conservation district from adding formerly listed properties, but it comes from the protections that are in place for those listed properties if the

January 1, 2025 deadline is not met. Mr. Letourneau adds that by the end of 2024 they hope to have some sense of where recommendations would go.

Councillor Kieran McKenzie inquires whether they plan to have the consultation process brought forward to council for approval before the December 31<sup>st</sup> deadline. Mr. Letourneau indicates that the expectation is to have the HCD process brought forward by May or June 2024 to make a recommendation if the findings are to move forward within the HCD guidelines.

Councillor Kieran McKenzie requests clarification related to the process for the property owners that would be required for any property not currently listed. Mr. Letourneau indicates that as part of the inventory process they would work with the community to identify contributing properties to the district that may or may not already be listed and to identify non-contributing properties which may exclude properties from the district.

Councillor Kieran McKenzie inquires about the process for properties that are currently listed or designated and how the City will deal with those properties. Mr. Letourneau indicates that within the process there may be properties that were listed or designated that may not be significant and how they would deal with such properties which will be identified through the process.

Moved by: Councillor Mark McKenzie

Seconded by: Councillor Angelo Marignani

Decision Number: **DHSC 581**

THAT the Walkerville Heritage Conservation District Study Presentation & Updates **BE RECEIVED.**

Carried.

## 11.2 Closure of part of north/south alley located between College Avenue and Grove Avenue, Ward 2, SAA-6923

Brian Nagata, Planner II-Development Review appears before the Development & Heritage Standing Committee regarding the administrative report entitled "Closure of part of north/south alley located between College Avenue and Grove Avenue, Ward 2, SAA-6923" and indicates that he spoke with the owner of the affected property and he is opposed to the recommendation, if they decided to build an Additional Dwelling Unit in the future, they would like the tenants to be able to have access to the alley, however that criteria would not deem an alley ineligible for closure.

Councillor Kieran McKenzie inquires as to what extent proceeding with the closure potentially creates any legal exposure as it relates to one of the impacted residents raising question of notice and timeline. Mr. Nagata indicates that the proponents would have been issued notice of application several months ago and as a courtesy we also issue notice of public meeting. Administration did not receive any correspondence from the property owner leading up to the meeting with any objections.

Councillor Kieran McKenzie inquires whether there was an email from the property owner included in the report highlighting their strenuous objection, and is concerned that this may create a challenge for the City moving forward. Mr. Nagata indicates that they don't foresee any risk moving forward as the objections would not satisfy the criteria to keep the alley open and despite the objection, it would not change the administrative recommendation to close the alley. Mr. Nagata adds that there is no legislative requirement for street and alley closures to issue notice, the City does it as a courtesy.

Councillor Jim Morrison requests clarification related to notification if the item is deferred. Mr. Nagata indicates yes, the City would send the notice of public meeting again.

The Chair acknowledges a member of the public gallery who wishes to speak.

### **Albert Janisse, Ward 2 resident**

Albert Janisse, Ward 2 resident appears before the Development & Heritage Standing Committee regarding the administrative report entitled "Closure of part of north/south alley located between College Avenue and Grove Avenue, Ward 2, SAA-6923" and indicates that he is the applicant and states that he did not receive notification of the meeting today. Mr. Nagata will follow up with the resident related to the notification.

Councillor Angelo Marignani requests clarification as to the different costs related to various alley closures. Mr. Nagata indicates that the cost is it is based on zoning at current market value.

### **11.5. Brownfield Redevelopment Community Improvement Plan (CIP) application submitted by Baird AE Inc. on behalf of Bullet Investments Inc. for 285 and 0 Giles Boulevard East (Ward 3)**

Councillor Kieran McKenzie requests clarification related to developers not proceeding and the implications with respect to the grant that is provided by the city, and whether it poses a form of risk to the city. Greg Atkinson, Manager of Development appears before the Development & Heritage Standing Committee regarding the administrative report entitled "Brownfield Redevelopment Community Improvement Plan (CIP) application submitted by Baird AE Inc. on behalf of Bullet Investments Inc. for 285 and 0 Giles Boulevard East (Ward 3)" and indicates that if the developer discovers something significant on the environmental assessment which makes the project no longer economically viable, the property owner would make the decision, if Phase 2 is submitted
