His Worship Drew Dilkens
City of Windsor
mayoro@city.windsor.on.ca

Dear Mayor Dilkens:

Thank you for your letter in support of accelerated transmission development in southwest Ontario. I agree with you that supporting economic growth and competitiveness is critical, and recognize that your region is experiencing sustained growth in the industrial and agricultural sectors.

Our government knows that electricity transmission capacity is critical to fostering this economic growth and that new transmission projects can face lengthy development timelines. As you may be aware, the Ministry of Energy recently launched a public consultation on a proposal to use Orders in Council (OICs) and directives under the *Ontario Energy Board Act* to support the timely development of new transmission projects in southwest Ontario.

The proposed OICs and directives would provide regulatory clarity for the Ontario Energy Board (OEB) to mitigate against approval delays and accelerate development timelines for up to five transmission lines in southwest Ontario, including the Longwood to Lakeshore Line and the Windsor to Lakeshore Line mentioned in your letter.

This is a matter of great interest and importance to me, which is why I toured the site of Hydro One's new Chatham to Lakeshore Transmission Line on my recent visit to Essex County. As you may know, this project is subject to a class environmental assessment through which a preferred project route has been determined. Ongoing engagement continues with local municipalities, Indigenous communities, property owners and economic development agencies. The next steps include Hydro One filing a Leave to Construct application with the OEB and pre-construction studies.

I encourage the City of Windsor to review the full proposal outlined on the Environmental Registry of Ontario (ERO) webpage: <https://ero.ontario.ca/notice/019-4926>. Feedback from municipalities, other stakeholders, Indigenous communities and the public will help inform the ministry's decision regarding the use of OICs and directives in respect to these transmission projects. Comments can be submitted through the registry notice above until Monday, March 7, 2022.

.../cont'd

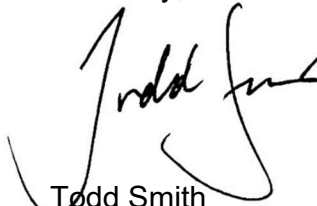

In addition to our commitment to expanding transmission capacity in southwest Ontario, I understand that the Brighton Beach Generating Station plays a critical role in maintaining local system reliability in the region. Consequently, I have also asked the Independent Electricity System Operator (IESO) to enter into preliminary discussions with Ontario Power Generation (OPG) on potential terms for re-contracting the Brighton Beach Generating Station and to report back to me on those discussions by February 28, 2022.

Please be assured that our government is committed to meeting the southwest region's electricity supply needs over the long term. In addition to the medium-term request for proposals for recontracting existing electricity resources, which you noted in your letter, the IESO is also in the process of designing the long-term request for proposals and is expected to procure additional capacity by 2026/2027 through this mechanism.

These actions demonstrate our government's commitment to making Ontario more competitive in attracting and retaining investment by ensuring our electricity grid can meet the growing needs of the region.

Thank you again for writing and please accept my best wishes.

Sincerely,

A handwritten signature in black ink, appearing to read "Todd Smith", with a long horizontal stroke extending to the right.

TOWN OF TECUMSEH
NOTICE OF VIRTUAL/ELECTRONIC PUBLIC MEETING
PROPOSED OFFICIAL PLAN AND ZONING BY-LAW AMENDMENT

RECEIVED

TAKE NOTICE that the Council of the Corporation of the Town of Tecumseh will hold a virtual/electronic public meeting **Tuesday, March 8, 2022 at 6:15 p.m.** to consider a proposed Official Plan and Zoning By-law amendment pursuant to the provisions of the *Planning Act, R.S.O. 1990*. Please see below for information on how to provide comments or participate in the virtual/electronic public meeting.

Applications for Official Plan and Zoning By-law amendments have been filed with the Town of Tecumseh for the 1.3 hectare (3.2 acre) property located at the southwestern corner of the Lesperance Road/County Road 22 intersection (see Key Map on reverse). The subject property is currently designated "General Commercial" with a site-specific policy in the Tecumseh Official Plan. This site-specific policy permits the existing parking area located on the southern 0.23 hectare (0.56 acre) portion of the property that is associated with the Home Hardware Store and also prohibits a driveway access from this parking area onto Westlake Drive. The purpose of the proposed Official Plan amendment is to revise this site-specific policy in order to remove the clause containing this prohibition, thereby facilitating the installation of a new driveway access onto Westlake Drive, and to permit a defined outdoor area for the storage/display of products (i.e. garden sheds). The proposed new driveway will serve as a second vehicular ingress/egress access point for the existing Home Hardware Store.

The purpose of the associated Zoning By-law amendment is to revise the current site-specific "General Commercial Zones (C1-2) and (C1-7)" that apply to the property in order to facilitate the installation of the proposed driveway access to Westlake Drive and establish site-specific lot provisions regarding the outside storage/display of products (i.e. sheds) and minimum number of parking spaces.

ANY PERSON may attend the public meeting and/or make written or verbal representation either in support of or in opposition to the proposed Official Plan amendment and/or Zoning By-law amendment.

If a person or public body does not make oral submissions at a public meeting or make written submissions to the Corporation of the Town of Tecumseh before the Official Plan amendment is adopted, the person or public body is not entitled to appeal the decision of the County of Essex (the Approval Authority) to the Ontario Land Tribunal (OLT).

If a person or public body does not make oral submissions at a public meeting or make written submissions to the Corporation of the Town of Tecumseh before the Zoning By-law amendment is passed, the person or public body is not entitled to appeal the decision of the Council of the Corporation of the Town of Tecumseh to the Ontario Land Tribunal (OLT).

If a person or public body does not make oral submissions at a public meeting, or make written submissions to the Corporation of the Town of Tecumseh before the Official Plan amendment is adopted or the Zoning By-law amendment is passed, the person or public body may not be added as a party to the hearing of an appeal before the Ontario Land Tribunal (OLT), unless, in the opinion of the OLT, there are reasonable grounds to do so.

How to Provide Comments or Participate in an Electronic Public Meeting

Due to the COVID-19 declared emergency, Public Meetings are being held virtually through electronic means and live-streamed on the Town's website. Any person who wishes to **make oral submissions** during the electronic Public Meeting **must register as a delegate**. To register as a delegate, persons may use the online registration form on the Town's website at www.tecumseh.ca/delegations or by providing their contact information (name, address, email and phone number) to the Town Clerk **by 12:00 p.m. (noon) on Tuesday, March 8, 2022**. Registered delegates will receive the necessary log-in details to the meeting. By registering as a delegate persons are consenting to their image, voice and comments being recorded and available for public viewing on the Town's website. **Written submissions** may also be provided to the Clerk by noon on **Thursday, March 3, 2022**.

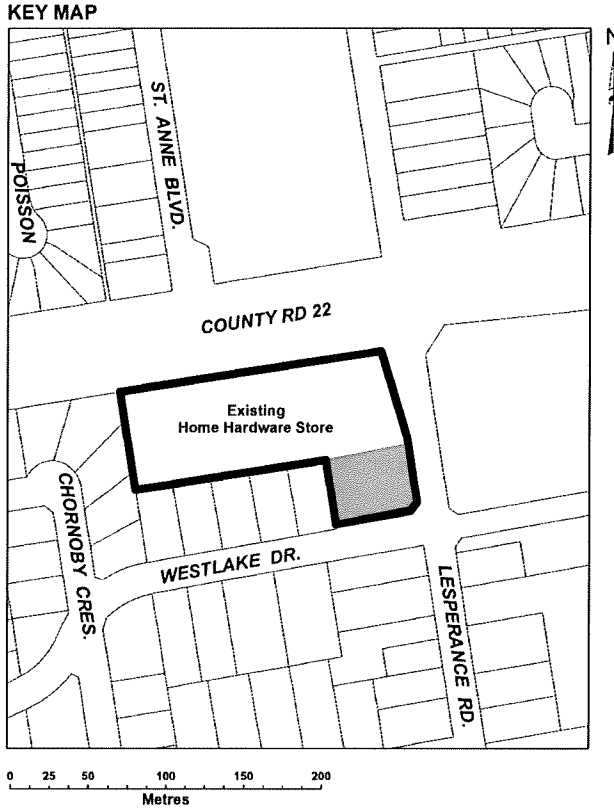

If you wish to be notified of the decision of the Council of the Corporation of Town of Tecumseh on the proposed Zoning By-law amendment or on the adoption of the proposed Official Plan amendment, or of the refusal of a request to amend the Official Plan, **you must make a written request** to the Corporation of the Town of Tecumseh, c/o Laura Moy, Clerk, at the mailing address noted below.

ADDITIONAL INFORMATION and any associated reports/documents relating to this matter are available for review during regular office hours at the Town Municipal Office on Lesperance Road.

The Public Meeting Agenda regarding this application will be available on the Town's website (<https://calendar.tecumseh.ca/meetings>) on Friday, March 4, 2022.

The Honourable Helena Jaczek
Minister responsible for the Federal Economic Development Agency for Southern Ontario
House of Commons
Ottawa, Ontario
Canada
K1A 0A6
Helena.Jaczek@parl.gc.ca

Dear Minister Jaczek:

As business, tourism and municipal leaders in Windsor we are joined in our effort today to advocate for urgent and immediate support from the federal government for businesses that have been impacted by the recent illegal occupation of the Ambassador Bridge and the ongoing restrictions on Huron Church Road, leading to the Bridge.

We were disappointed to learn, recently, that the program established by your Ministry and administered by Invest Ottawa was limited to downtown-Ottawa area businesses, and expressly excluded those businesses which continue to see impacts in west-end Windsor.

As you are aware, the City of Windsor was site to an illegal occupation at the foot of the Ambassador Bridge, disrupting trade and commerce for the United States and Canada for nearly a week. Subsequent to a successful Injunction Order granted by Ontario Superior Court Chief Justice Morawetz, on February 11, 2022 Windsor Police, with the tactical assistance of the OPP and RCMP were able to clear the roadway for traffic once again on February 14, 2022. However, since that time, the national security threats posed by the continued risk of recidivism and potential protest activity has resulted in a heightened security presence along Huron Church Road, the municipal artery which connects the Ambassador Bridge to Ontario's 401 highway system. While local police are doing their best to clear access to impacted businesses along Huron Church Road, for dozens of establishments along this roadway, access to their business remains limited and commercial traffic reduced as a result.

Windsor Police, and their partners in law enforcement have done an exemplary job in quickly clearing the illegal occupation and maintaining the security of Huron Church Road for over \$400-million in goods that travel this crossing each day. Unfortunately, the price of that economic security has meant a significant and sustained loss for small and medium sized businesses who operate along Huron Church Road in Windsor.

We urge you to offer similar compensation as your Government has done to impacted businesses in downtown Ottawa to the comparatively much smaller number of impacted entrepreneurs here in Windsor. To not offer comparable support sends a clear signal from your Government that businesses in Windsor are second-class to those in the shadow of Parliament Hill. The federal government has shown leadership during each stage of this pandemic, offering support for individuals, families and businesses impacted by the public health restrictions.

We urge you to show the same level of leadership and support the business community along Huron Church Road, who managed through the pandemic and now must cope with police barricades designed to protect our national economy from those who would seek to disrupt it because they oppose Canada's pandemic-related policies.

We appreciate your swift attention to this matter and would be available to meet at your earliest convenience.

Sincerely,

Drew Dilkens

**Re: Oldcastle Stormwater Master Plan
Notice of Study Completion**

Dear Ms. Ciacelli:

In accordance with the approved procedures contained in the Municipal Class Environmental Assessment (EA), this letter is to advise you that the Class EA for the Oldcastle Stormwater Master Plan has now been completed. Attached is a copy of the Notice of Study Completion.

Subject to comments received as a result of this Notice, and the receipt of necessary approvals, the Town of Tecumseh may proceed with the design and construction of the Schedule B projects.

Yours truly,

OLDCASTLE STORMWATER MASTER PLAN

NOTICE OF STUDY COMPLETION

The Town of Tecumseh has now completed the Oldcastle Stormwater Master Plan to address the stormwater needs of the Oldcastle Hamlet area. This study has been conducted in accordance with the requirements of Approach 2 (Phases 1 and 2) of the Municipal Class Environmental Assessment (EA) which is an approved process under the Environmental Assessment Act. Funding for this study is being provided in part through the National Disaster Mitigation Program (NDMP) and provides NDMP funding to the Provincial and Territorial governments who may redistribute funding to eligible entities such as the Town of Tecumseh. In Ontario, the NDMP is administered by the Ministry of Municipal Affairs and Housing. (Note: Views expressed in this study are the views of the Town of Tecumseh and do not necessarily reflect those of the Province and the Government of Canada.)

Subject to comments received as a result of this Notice and receipt of necessary approvals, the Town of Tecumseh may proceed with implementation of the following Schedule B projects:

- H.2 – New Storm Sewer along Del Duca Drive
- H.3 – New Storm Sewer along Ure Street
- W.3 – New Storm Sewer along Fasan Drive
- W.5 – Replace Storm Outlets to Wolfe Drain
- 6C.1 – Replace Halford Drive Storm Outlet
- H.4 – Enlarge & Re-route Hurley Drain to New Hurley Pond
- 9C.2 – New Washbrook-Downing Pond
- 9C.5 – Oldcastle Heights Pond
- 9C.6 – Downing Acres Pond
- 9C.7 – 9th Concession Pond

All of the project information is being made available for review online. Please refer to the Town of Tecumseh's website:

<https://www.tecumseh.ca/en/town-hall/oldcastle-stormwater-master-plan.aspx>

The website contains links to view the Project File, which contains all information regarding the project to date. If you do not have access to the internet, please contact Landmark Engineers Inc. at the address below to make arrangements to review a hard copy.

Interested persons may provide written comment to our project team by March 25, 2022. All comments and concerns should be sent directly to Ms. Liz Michaud, P.Eng. at Landmark Engineers Inc.

In addition, a request may be made to the Ministry of the Environment, Conservation and Parks (Ministry) for an order requiring a higher level of study (i.e. requiring an individual/comprehensive EA approval before being able to proceed), or that conditions be imposed (e.g. require further studies), only on the grounds that the requested order may prevent, mitigate or remedy adverse impacts on constitutionally protected Aboriginal and treaty rights. Requests on other grounds will not be considered. Requests should include the requester's contact information and full name.

Requests should specify what kind of order is being requested (request for conditions or a request for an individual/comprehensive environmental assessment), how an order may prevent, mitigate or remedy potential adverse impacts on Aboriginal and treaty rights, and any information in support of the statements in the request. This will ensure that the Ministry is able to efficiently begin reviewing the request.

The request should be sent in writing or by email to:

Minister of the Environment, Conservation and Parks

Jordan,

Further to your review of the subject property (7654 Tecumseh Rd. E., Windsor, Ontario) , and from our own research on our EIS System, and in consideration that the property has access to the Windsor Utilities Commission potable water distribution system, the City of Windsor has no objection to the application of non-potable ground water Site Condition Standards for a Record of Site Condition at the property identified as (7654 Tecumseh Rd. E., Windsor, Ontario).

Thank you for your request. If you have any questions please feel free to give me a call.

Hello Jordan,

Would you be able to provide me with a picture of the actual property that you are looking at. As stated this is a large irregular shaped property. I do not have this specific address in my EIS system that we use to identify this space.

Thanks

Re: Notification of Intent for Consent to Conduct a Record of Site Condition using Non-Potable Standards

7654 Tecumseh Road East, Windsor, Ontario
Pinchin File: 299176.000

Pinchin Ltd. (Pinchin) is currently conducting Environmental Site Assessment (ESA) activities within the northwest portion of the property holding the municipal address of 7654 Tecumseh Road East, Windsor, Ontario (Site) with the intent of filing a Record of Site Condition (RSC).

The Site is an irregularly shaped, partially undeveloped parcel of land located on the east side of Lauzon Parkway. The majority of the Site is vacant and undeveloped, with the exception of parking lots located on the southeast and southwest portions of the Site.

The proposed future use of the Site is residential. This proposed change to a more sensitive land use type (i.e., commercial to residential) requires the filing of an RSC with the Ontario Ministry of the Environment, Conservation and Parks (MECP).

The applicable generic Site Condition Standards (SCS) being applied to the Site are those stipulated within the Ministry of the Environment, Conservation and Parks (MECP) document entitled "*Soil, Ground Water and Sediment Standards for Use Under Part XV.1 of the Environmental Protection Act*" dated April 15, 2011 (hereinafter referred to as the "MECP Standards Document") and pursuant to Ontario Regulation 153/04 (as amended).

In accordance with Ontario Regulation 153/04, the following Site characteristics must be present in order to apply non-potable standards:

- The property and all other properties located within 250 metres of the property boundaries are supplied by a municipal drinking water system;
- The property is not located in an area designated in a municipal official plan as a well head protection area or other designation identified by the municipality for the protection of groundwater;

City of Windsor

- If the property is located in a well-head protection area or other designation identified by the municipality, the municipality provides consent in writing that the non-potable groundwater site conditions standards may be applied; and
- The property use is not specified as agricultural or other use.

The Site is intended to be a residential-use property located in the City of Windsor, Ontario. It is Pinchin’s understanding that drinking water in the area is serviced by the City of Windsor, with the source water originating from the Detroit River. Pinchin completed a search of the MECP Water Well Records database and did not identify the presence of wells on Site or within 250 m of the Site that supply water for human consumption or for agricultural purposes.

This letter hereby notifies the City of Windsor of Pinchin’s intent to assess the Site in a non-potable scenario pursuant to Ontario Regulation 153/04 (as amended) on behalf of Pinchin’s client. In this regard, we would ask that the City of Windsor provide its consent (in writing) that the non-potable groundwater site conditions standards may be applied for the purposes of filing a Record of Site Condition.

We trust that this information meets your current needs. Should you have any questions, please do not hesitate to contact the undersigned.

Yours truly,

Pinchin Ltd.

Item No. 11.1. EWSWA Presentation

Presentation: SCM 52/2022

Subject: EWSWA Presentation on Regional Food, Organic and Biosolids Waste Processing – Michelle Bishop, EWSWA General Manager

Clerks File: SW/13940

Regional Food, Organic and Biosolids Waste Processing

Michelle Bishop
EWSWA General Manager

Provincial Legislation

- ▶ Ontario's Food and Organic Waste Policy Statement pursuant to Section 11 of the 2016 Resource Recovery and Circular Economy Act (collectively the Organics Provincial Policy Statement, or OPPS) requires some municipalities in Essex-Windsor to achieve specific reduction or recovery target rates by 2025
- ▶ Key Points:
 - ▶ Reduction targets shall be achieved by the prevention or reduction of food and organic waste; the safe rescue and redirection of surplus food; and the recovery of food and organic waste to develop end-products for beneficial use
 - ▶ Reduction targets cannot be achieved through the use of food and organic waste to generate alternative fuels or energy from waste without the concurrent recovery of nutrients

Municipal Participation Requirements as per the Organics Provincial Policy Statement (OPPS)

Municipalities in Essex-Windsor are required to achieve specific reduction and recovery target rates by 2025 as follows:

- ▶ **City of Windsor** - Provide curbside collection of food and organic waste to single family dwellings in an urban settlement area and to achieve a target rate of reduction of 70%;
- ▶ **Amherstburg, LaSalle, Leamington and Tecumseh** - Provide collection (through a public drop-off depot or community composting area or through curbside collection) of food and organic waste to single family dwellings in an urban settlement area and to achieve a target rate of reduction of 50%;
- ▶ **Essex, Kingsville and Lakeshore** - Not required to achieve specific rates of reduction for food and organic waste based on their population and population densities.

Available Technologies

Composting

- ▶ Decomposition of organic matter by bacteria in an oxygen-rich (aerobic) environment
- ▶ Generates Compost, CO₂, Water, Heat
- ▶ Meets the requirements of the OPPS

Anaerobic Digestion

- ▶ Decomposition of organic matter by bacteria in an oxygen-limited (anaerobic) environment
- ▶ Generates Biogas and Digestate
- ▶ Meets the requirements of the OPPS

Other

- ▶ BioDryer - waste is dried, then used as fuel or composting feedstock
- ▶ Syngas - Converts organic waste into Synthesis Gas (Syngas) for production of electricity - ***this process is required to demonstrate compliance with the OPPS***

Procurement Options and Potential Locations

Procurement Options

- ▶ Service Contract - based on a per-tonne gate fee
- ▶ Design-Build Contracts - municipally-owned facility, capital paid upfront by owner
- ▶ P3 Contracts - municipally-owned facility, capital paid over time through per-tonne gate fees

Potential Locations

- ▶ Service Contract
- ▶ New Site (if proposed by Proponents)
- ▶ Lands Adjacent to Regional Landfill
- ▶ Windsor Biosolids Processing Facility (AD only)

Project Timeline

- ▶ October 6, 2020 - EWSWA Board approved development of Regional Food and Organic Waste Management Plan
- ▶ November 3, 2020 - EWSWA Board approved Oversight Committee and Working Group consisting of EWSWA, City of Windsor, and County of Essex representation
- ▶ December 1, 2020 - EWSWA Board approved consultant (GHD Limited) budget and project charter
- ▶ December 2020 - May 2021 - GHD, Oversight Committee and Working Group completed the following:
 - ▶ Worked closely with GHD to complete a Regional Food and Organic Waste Management Plan (Plan)
 - ▶ Provided EWSWA Board with regular project updates
 - ▶ Attended Regional CAO meetings on December 9, 2020 and April 30, 2021 to provide project updates
 - ▶ Held meetings with stakeholders - Essex County municipalities, Toronto, London, Chatham-Kent, Lambton, Sarnia, Association of Municipalities of Ontario, and Essex Region Conservation Authority
- ▶ June 1, 2021 - EWSWA Board reviewed the findings of the Plan, directed EWSWA Administration to conduct a third-party review of GHD Report. Tetra Tech Canada Inc. (Tetra Tech) was retained following a competitive bidding process.

Project Timeline Cont'd

- ▶ September 15, 2021 and October 5, 2021 - Tetra Tech findings reported to EWSWA Board
 - ▶ GHD Reports are substantially sound, offer comparative impacts of various options
 - ▶ Recommend all 8 communities be part of a Regional solution
 - ▶ Recommended an open-ended RFP that requires proponents meet the following:
 - ▶ Proponent has the skill, experience and technology that works
 - ▶ Proposal meets requirements of OPPS and Regional energy reduction policies
 - ▶ Costs be evaluated on a Net Present Value basis
- ▶ November, December 2021 - EWSWA Administration completed presentations to County municipalities
- ▶ January 12, 2022 - EWSWA Board approved the following
 - ▶ That the Oversight Committee continue to work towards a long-term food and organic waste processing solution as detailed in the Roadmap
 - ▶ To proceed with an RFP for a Short Term Service Contract with a waste processing provider
 - ▶ That EWSWA communicate with the municipalities who have not yet responded to provide a response as to whether or not they will participate in the EWSWA led organ program by March 31, 2022

Consultation with Ministry of Environment, Conservation and Parks (MECP)

- ▶ GHD, Working Group met with MECP on May 19, 2021 and May 21, 2021; Tetra Tech on August 24, 2021
- ▶ Changes to the OPPS may be forthcoming in late fall/winter 2021; however they indicated that the nature of those changes will be in relation to the types of compostable products included only. No changes to targets or deadlines are being considered.
- ▶ A Guidance Document is expected to be released when the OPPS is revised
- ▶ A new regulation currently being developed will contain language regarding a ban on organic disposal in landfills, the tentative date being considered is 2030
- ▶ Non-compliance with 2025 deadline will require municipalities to report to MECP on their OPPS status and how compliance will be achieved in short order

Regional Program - Benefits to Participation at the Onset and Other Considerations

- ▶ Consistent service levels throughout Essex-Windsor
- ▶ Can establish a regional collection system, which will lower collection costs
- ▶ Regional Promotion & Education (P&E) programs can be simplified to provide the same service across the region
- ▶ Higher SSO waste committed to at the onset will result in lower per tonnage costs
- ▶ Higher costs to enter into SSO program at a later date
- ▶ A regional solution would likely yield higher diversion
- ▶ The success of an organics program can be influenced by the structure of traditional garbage collection programs (restrictions on garbage will encourage organics diversion). Consideration should be given to current waste collection contract expiration dates

Regional Program Estimated Costs - City of Windsor

Estimated Costs include the following:

- ▶ Curbside Collection and other services provided directly by municipality
- ▶ Capital expenses (including landfill gas collection system expansion), operating expenses and revenues
- ▶ Does not include costs associated with wastewater sludge processing

Short Term Service Contract

- ▶ An open procurement allowing both municipally-owned and privately-owned models carries significant risks, including the following:
 - ▶ Two separate contract and specification documents are needed
 - ▶ Proposals that do not easily compare must be evaluated and scored using the same metrics
 - ▶ Cost and effort to participate for municipally-owned proponents are significantly higher
 - ▶ Proponents of a municipally-owned project may perceive a lower chance of winning competing with privately-owned proponents
- ▶ A significant amount of effort is still required before a long term organics program is established, including evaluation and development of a collection program, risk identification and management, environmental attributes evaluation, feedstock composition and forecast, landfill gas evaluation, etc.
- ▶ Timeline of a Long-Term Processing Facility is estimated to be 4 - 6 years
- ▶ Equipment and Material Sourcing are seeing significant delays, future needs should be requested up to 2 years in advance.
- ▶ In order to have a program in place by the provincial deadline of 2025, the only option is a short term service contract established by the end of the 2nd quarter of 2022

EWSWA Board

- ▶ **January 12, 2022** - the EWSWA Board adopted the following resolution:
 - ▶ 1. That the Food and Organic Waste Management Oversight Committee BE DIRECTED to continue to work through the various steps outlined in the Roadmap, and report back with progress updates, and;
 - ▶ 2. That the Food and Organic Waste Management Oversight Committee BE DIRECTED to proceed with a short-term organic waste processing contract(s) RFP that meets the following minimum criteria:
 - ▶ a. that the RFP BE REQUIRED to accept, at a minimum, source separated organics from Windsor and any other of the municipalities choosing to participate at the onset, and allows for changes to quantities of source separated organics, and;
 - ▶ b. That industry standards BE EXCEEDED regarding odour control measures implemented at the facility and the end product, and;
 - ▶ c. That the RFP BE REQUIRED to provide service for a 5-year term with options for extensions
 - ▶ 3. That the EWSWA send correspondence to the County of Essex and all municipalities in the region who have yet to respond to indicate whether or not their members or those municipalities will participate in the EWSWA led organics program and to indicate that response is required by March 31, 2022

EWSWA Communication

- ▶ On January 19, 2022, communication was sent via email to the CAO and clerk of all seven (7) County of Essex municipalities requesting a response to whether or not they will participate in the EWSWA led organics program by March 31, 2022
- ▶ On January 25, 2022, communication was sent via email to the CAO and clerk of the City of Windsor, requesting a response to whether or not they will participate in the EWSWA led organics program by March 31, 2022

City Council Meeting
Item No. 11.1. Written Submission

From: Derek Coronado <derek@citizensenvironmentalliance.org>
Sent: February 25, 2022 9:19 AM
To: clerks <clerks@citywindsor.ca>
Subject: Item 11.1 - Regional Food and Organic Waste and Biosolids Processing Project Update

Below are written comments on Item 11.1 on behalf of the Citizens Environment Alliance:

Greetings,

We urge Council to take all measures to accelerate the waste and biosolids processing project. The delays in this project have already undermined the Climate Change Emergency Declaration; emergencies require speed of action. Additionally, the integrity of the city's Community Energy Plan (CEP) requires biosolids and source separate organics management to reduce GHGe emissions by at least 70,000 tonnes per year.

The city has already fallen behind in implementing the CEP. The integrity and accountability of the plan depends upon meeting timetables and reduction targets. We hope that Council will recognize the need to accelerate its implementation actions in order to honour the Climate Change Emergency Declaration and the Community Energy Plan.

Sincerely,

Derek Coronado

**Special Meeting of Council
Decision
Monday, September 27, 2021**

Moved by: Councillor Sleiman
Seconded by: Councillor Bortolin

Decision Number: CR411/2021

That the results of the email poll authorized by Mayor Drew Dilkens on Tuesday, September 21, 2021, approving the following resolution unanimously, **BE CONFIRMED AND RATIFIED:**

That Administration **BE DIRECTED** to ask everyone 12 years old and up - regardless of whether they are participating in an organized sport - to provide *proof of one COVID vaccination* prior to entering any City-owned indoor recreational venue or facility that has indoor event spaces, such as banquet halls and conference/convention centres (i.e. Capri Pizzeria Rec Complex, Windsor International Aquatic Training Centre, Willistead Manor, Capitol Theatre, Mackenzie Hall, WFCU Centre, etc.) beginning on September 22, 2021. Effective November 15, 2021, everyone 12 years and up will be required to provide proof of full vaccination as this will give them the opportunity to get both vaccines in a reasonable amount of time; and,

That the Chief Administrative Officer **BE APPROVED** to manage and interpret the details, logistics and unique scenarios that may arise during the implementation of the proof of vaccination prior to entering any City-owned indoor recreational venue or facility that has indoor event spaces, such as banquet halls and conference/convention centres.

Carried.
