There being no further business the meeting of the Development & Heritage Standing Committee (*Planning Act Matters*) portion is adjourned at 5:47 o'clock p.m.

The Chairperson calls the Administrative Items portion of the Development & Heritage Standing Committee meeting to order at 5:48 o'clock p.m.

9. PRESENTATIONS AND DELEGATIONS (COMMITTEE ADMINISTRATIVE MATTERS)

None presented.

11. ADMINISTRATIVE ITEMS

11.1. Closure of part of east/west alley located east of Perth Street, Ward 1, SAA-6765

James Maxwell, Ward 1 resident

James Maxwell, Ward 1 resident appears before the Development & Heritage Standing Committee regarding the administrative report "Closure of part of east/west alley located east of Perth Street, Ward 1, SAA-6765" and provides a brief overview of the property and provides photos of the flooding issues at the side of his house which also goes into his backyard. Mr. Maxwell would like to purchase the property to fix the grade, and has had many issues related to the flooding on this property and urges the committee to make a decision soon to avoid future flooding issues.

Councillor Angelo Marignani asks Mr. Maxwell what he would do to improve the situation. Mr. Maxwell indicates that he would purchase the area in question and would raise the grade slightly to push the water back towards the ditch. Mr. Maxwell adds that all the upgrades would be at his expense.

Councillor Kieran McKenzie states that if the land can't be conveyed in a timely, efficient manner, what are Mr. Maxwell's expectations, and what are some possible options. Mr. Maxwell indicates that the ERCA protected land is behind the house as far as he is aware.

Councillor Kieran McKenzie indicates that even if the City conveys the land, there is no way to ensure that ERCA would allow the modifications. Mr. Maxwell indicates that currently there is no way to drain it. There was at one time off of Wentworth a ditch that went towards Malden, and he believes it was plugged from the Malden side. Mr. Maxwell indicates that the cost of looking at re-

installing a ditch maybe not be a viable option and a slight raise of the grade would be the only solution.

Councillor Kieran McKenzie inquires as to whether other neighbours are having the same issues. Mr. Maxwell indicates he gets everyone's water and there may be one other neighbour who may have issues relating to flooding.

Councillor Kieran McKenzie inquires as to a response from administration as to the proposed solution suggested by Mr. Maxwell. Brian Nagata, Planner II Development Review, appears before the Development & Heritage Standing Committee regarding the administrative report "Closure of part of east/west alley located east of Perth Street, Ward 1" and indicates that any work in the right of way would require ERCA approval, perhaps species at risk clearance also. Shannon Mills, Technologist III, appears before the Development & Heritage Standing Committee regarding the administrative report "Closure of part of east/west alley located east of Perth Street, Ward 1" and indicates if the property is purchased it's no longer the right of way.

Councillor Kieran McKenzie inquires if the land is conveyed will ERCA or the Ministry going to deny Mr. Maxwell's application, and is there anything the City can do to alleviate the flooding issues. Ms. Mills indicates that the area behind the home is the regulated area. The area between the houses is part of the ditch. If this portion leads into the regulated lands, ERCA may prevent the changes in grading although Administration can't determine that, ERCA would make that decision.

Councillor Kieran McKenzie inquires whether Mr. Maxwell has spoken to ERCA. Mr. Maxwell indicates that he hasn't, as the land that is the issue is grass on the side of the house. Mr. Maxwell also expresses concern regard the price to purchase the parcel and asks the committee to consider reassessing that amount. The Chair suggests deferral of this matter to allow for administration to meet with the delegate and other departments to determine whether a solution can be found.
