10.2. 1982 Norman Road, St Jules School – Heritage Evaluation Report (Ward 8)

Raymond Colautti, Solicitor for Olivia Homes/Applicant

Raymond Colautti, Solicitor for Olivia Homes/Applicant appears before the Development and Heritage Standing Committee via video conference regarding the Administrative report “1982 Norman Road, St Jules School – Heritage Evaluation Report” (Ward 8) and provides a brief summary of the owners position related to the application as well as some details related to a possible future development on this property. Mr. Colautti requests that the committee either do nothing or simply leave it on the Windsor Municipal Heritage Register. Mr. Colautti provides information related to his client being opposed to the Notice of Intention to Designate in accordance with the *Ontario Heritage Act* due to previous additions to the property that are causing some concern and may require a demolition permit which would be difficult to obtain if the property is designated.

Councillor Francis inquires whether designating the property would put the development in jeopardy. Mr. Colautti responds yes.

Councillor Kieran McKenzie, inquires about the additions completed in the 1960's as it relates to the administrative report. Mr. Colautti provides details about the structure, which changes the characteristic of the building which is in contravention to what the Heritage Planner thinks and in his opinion negates the Heritage value of the property.

Councillor Kieran McKenzie inquires whether Mr. Colautti's client was aware of his property being on the Heritage Register when he purchased it. Mr. Colautti indicates that his client was aware of it. Mr. Colautti provides details related to ongoing concerns with vandalism and security of the property.

Member John Miller expresses concern related to the potential demolition of the building if it isn't designated and the probability of demolition. Mr. Colautti indicates that the process to demolish the building has to be followed prior to any demolition being issued which would protect the building.

Councillor Kieran McKenzie inquires when the property was listed on the Heritage register and when it was purchased by Mr. Colautti's client. Kristina Tang, Heritage Planner appears before the Development and Heritage Standing Committee regarding the Administrative report “1982 Norman Road, St Jules School – Heritage Evaluation Report” (Ward 8) and indicates the property was added to the list on June 4, 2013 and the planning department was contacted by the new owner in the Fall of 2019. Ms. Tang indicates that the Catholic School Board knew the property was listed on the register.

Councillor Kieran McKenzie inquires about what impact the other parts of the property have that are not on the registered list. Ms. Tang indicates through the Heritage Listed property development review process, currently, the whole parcel is reviewed. The Heritage Planner has oversight of new construction and re-development details related to adaptive re-use are provided.

Councillor Kieran McKenzie, requests clarification related to the administrative recommendations and the 2 options. Administration provides next steps related to the process.. Ms. Tang indicates that related to Bill 23 the property will be removed from the Heritage register if there is no designation by January 2025. Administration indicates they have been open and receptive to development, although they haven't seen an application. The school continues to deteriorate and may lose the potential for restoration. There are ways that development at a school can support the heritage impact summary.

Councillor Jim Morrison inquires about how many properties are currently listed on the heritage register. Ms. Tang indicates that there are 884 properties on the heritage register. Ms. Tang indicated as per Bill 23, the City will have until Jan 1, 2025 to make decisions related to properties on the heritage register and whether to designate them or remove them.

Moved by: Councillor Fred Francis

Seconded by: Councillor Kieran McKenzie

Decision Number: **DHSC 523**

I. That the City Clerk **BE AUTHORIZED** to publish a Notice of Intention to Designate the St Jules School, at 1982 Norman Road, in accordance with Part IV of the *Ontario Heritage Act* for the reasons attached in Appendix 'A'; and,

II. That City Legal staff **PREPARE** the By-law for Council to designate the property.

Carried.

Member William Tape discloses an interest and abstains from voting on this matter.

11.4. Riverside Drive Streetscape Standards Manual, Spans Wards 2 through 7.

Caroline Taylor, Ward 2 resident

Caroline Taylor, Ward 2 resident appears before the Development and Heritage Standing Committee regarding the Administrative report “Riverside Drive Streetscape Standards Manual, Spans Ward 2 through 7” and urges Council to consider reducing Riverside Drive to 2 lanes, to allow safer pedestrian crossing from Devonshire to Caron. Ms. Taylor expresses concern with the narrow sidewalk on the South Side of Riverside Drive with no barrier; and concludes by suggesting that separated bike lanes and a turning lane in the middle will allow traffic to move slowly and smoothly; bike racks should be mounted closer to the buildings and benches should be facing the road way.

Councillor Fred Francis indicates that benches are situated facing away from the street so that when people stand up they likely won't stumble into traffic. Kevin Alexander, Senior Planner, Special Projects appears before the Development & Heritage Standing Committee regarding the administrative report “Riverside Drive Streetscape Standards Manual, Spans Wards 2 through 7, and indicates that every location is reviewed on a case by case basis, related to the public's safety.

Councillor Kieran McKenzie inquires about traffic calming. Mr. Alexander indicates there is an opportunity for traffic calming, there will be nodes and special activities areas with pedestrian crossings, raised tables, intersection lights, different landscape elements, lanes narrowing and bike lanes which will create a visual impact and alert drivers.

Councillor Kieran McKenzie inquires about the challenging areas to cross the street. Mr. Alexander indicates there will be more pedestrian crossings and extra traffic lights which will make it easier and safer for people to drive and walk through the area. Mr. Alexander indicates that each phase will be brought forward with different implementation plans related to budgeting.

11.1. Municipal Sewer Servicing Charges for Residential Properties - Septic System Changeover - City Wide

Councillor Kieran McKenzie inquires about the Baseline LIP project being development driven and part of the official plan, and the St. Patrick's potential development on a different scale and whether there is a prioritization. Stacey McGuire, Manager of Development appears before the Development and Heritage Standing Committee regarding the Administrative report "Municipal sewer Servicing Charges for Residential Properties-Septic system Changeover-City Wide" and indicates that the administrative report provides another option where the LIP is not appropriate, when development is driving it, there is a disadvantage with no LIP policies, or special payment options, this report provides for a level playing field while moving development forward.

Councillor Kieran McKenzie inquires about the size of a development. Ms. McGuire indicates that it isn't a scale or size and that any development would precipitate this, as soon as it affects other properties the policy will kick in.

Moved by: Councillor Kieran McKenzie

Seconded by: Councillor Fred Francis

Decision Number: **DHSC 524**

- I. That Council **APPROVE** the extension of the local improvement charges flat rate, private drain connection flat rate and local improvement payment terms for the construction of sanitary sewers and private drain connections to those properties that:
