Shelley Fellows, Co-Chair, ProsperUs Leadership Council and Rose Hayes, Co-Chair, ProsperUs Advocacy Working Groups

Shelley Fellows, Co-Chair, ProsperUs Leadership Council and Rose Hayes, Co-Chair, ProsperUs Advocacy Working Groups appear before the Community Services Standing Committee regarding the administrative report entitled “Pathway to Potential: Windsor-Essex County Poverty Reduction Strategy 2024 – 2028” to support the strategy and to highlight the successes of the efforts of the past several years. Ms. Fellows also provides ideas for areas of investment to aid in reducing childhood poverty in collaboration with ProsperUs and Pathway to Potential.

Councillor Fabio Costante inquires about the neighbourhood approach pillar. Mr. Loreto indicates that the idea is to leverage the money to be put to the highest and best use. Mr. Loreto adds they will target at the neighbourhood level, use resources and leverage other resources already available. They will agree on the criteria and framework used to identify and prioritize neighbourhoods and based on the identified neighbourhoods, they can identify if additional programming is needed to address poverty. Governance and continued input on progress in the neighbourhoods sharing best practices, identifying gaps in programming in order to achieve the objective of moving the needle. Continuing to use available data to make the greatest impact where it is needed.

Councillor Fabio Costante inquires whether the process will inform this strategy at a later date. The first year will be about working with community partners and aligning measures by which they want to judge progress.

Councillor Fabio Costante inquires how the neighbourhood renewal pillar will compliment the work of ProsperUs and United Way already being done. Ms. Fellows indicates that the focus is on the growth and development of the child. Specifically, from youth to graduation from education and into

careers for financial sustainability. Aligning the work of the P2P with the available data in order to connect the voice of affected residents to the programming being supported.

Councillor Jo-Anne Gignac inquires related to all of the known agencies how is the City going to pull them all together to make a bigger impact. Mr. Loreto indicates that the network of agencies and programs needs to be identified in order to maximize their effectiveness. Through research and consultations, poverty is complex but also inherently local. To move the needle, they have to know the data in our own backyard and analyze the data to be able to understand the needs in order to provide adequate programming.

Councillor Renaldo Agostino inquires how the poverty threshold is being determined and defined. Stephen Lynn, Manager Social Policy and Planning appears before the Community Services Standing Committee regarding the administrative report entitled “Pathway to Potential: Windsor-Essex County Poverty Reduction Strategy 2024 – 2028” and indicates that they use Canada’s official line of poverty outlined by the market basket measure. It is based on the basket of goods and the affordability of goods in the region.

Councillor Renaldo Agostino inquires if current market changes are going to be taken into account as we look to fund this program until 2028. Andrew Daher, Commissioner, Human and Health Services appears before the Community Services Standing Committee regarding the administrative report entitled “Pathway to Potential: Windsor-Essex County Poverty Reduction Strategy 2024 – 2028” and indicates that they have been using the same funding envelope since 2017 and that this is a roadmap for the next four years utilizing the existing budget.

Councillor Renaldo Agostino inquires whether the desire is to focus on a particular neighbourhood and measure success from that neighbourhood before moving on. Ms. Velbuena indicates that they would focus on a select number of neighbourhoods between the city and county.

Councillor Renaldo Agostino inquires as to how those neighbourhoods would be selected and by whom. Ms. Velbuena indicates that through the priority neighbourhood selection process, they would define the criteria to determine which neighbourhoods and data from community partners and existing resources will also be accessed.

Councillor Mark McKenzie inquires as to how families and individuals living in poverty are being identified. Mr. Lynn indicates that available regional affordable programs are marketed and neighbourhood identification is part of next steps.

Councillor Mark McKenzie inquires as to what the plan is to address the increasing number of people living in poverty. Mr. Daher indicates that the type of funding required would be brought forward to council. Data will drive recommendations and decisions. If there is not a significant change noted in the community, more funding may be needed to implement change.

Councillor Jo-Anne Gignac inquires how the City can use the data they already have through city initiatives to direct residents towards available programs and agencies. Mr. Daher indicates that poverty involves many factors including health, homelessness, housing, etc. and as the case loads

8. ADMINISTRATIVE ITEMS

6.1. Amendment to the Windsor–Essex Child Care and Early Years Services System Plan 2020-2025: Priority Neighbourhoods for CWELCC Directed Growth

Councillor Fabio Costante inquires about how the list of neighbourhoods was populated including the information on the chart in the report. Dawn Bosco, Manager Children's Services appears before the Community Services Standing Committee regarding the administrative report entitled "Amendment to the Windsor–Essex Child Care and Early Years Services System Plan 2020-2025: Priority Neighbourhoods for CWELCC Directed Growth" and indicates that this report relates to an amendment to our service system plan. The data from the initial plan presented to council in 2019 was gathered through extensive consultation with more than 3000 individuals and a number of data sets. More data was gathered from Stats Canada, Census data and other data sources and the categories were used to score out of 10.

Councillor Fabio Costante inquires whether there was a minimum threshold in order for a category to receive a check or if it was due to an absence of data. Ms. Bosco indicates that several data points were utilized to score each neighbourhood, and an absence of data would result in a lack of scoring.

Councillor Fabio Costante inquires how the City will be able to achieve growth in child care spaces if there is no funding allocated towards capital expansion. Ms. Bosco indicates that there is no capital funding allocated at this time, but there may be an announcement later this year. There may be start-up grant funding available to provide materials and equipment as well as funding to support these spaces operationally.

Councillor Mark McKenzie inquires whether the \$10 a day child care has overloaded the system and caused long wait lists. Ms. Bosco indicates that it has resulted in some complexities, although more affordable and accessible. The City has the opportunity to increase to 1587 spaces by 2026.

Councillor Mark McKenzie inquires whether school boards are stepping up to provide more daycare spaces in schools. Ms. Bosco indicates that as part of this agreement there is a specified number of spaces allocated for schools and community spaces by the ministry.

8.5. 2024 Ministry of Education (MEDU)- Child Care, EarlyON Child and Family Centres and Canada Wide Early Learning and Child Care (CWELCC) Funding Update

Minutes

Community Services Standing Committee Wednesday, March 6, 2024

Page 11 of 14

Councillor Jo-Anne Gignac inquires whether the funding for administrative management is being reduced. Mr. Daher indicates that in 2021 there was a potential budget concern relating to the administrative funding. It was at 10% at that time, and was later reduced to 5%. One time transitional funding was being used, however it is likely no longer going to be available and there is a potential risk. Mr. Daher notes hopefully in summer of 2024 there is going to be a new funding formula with an administrative component tied to that that may assist. Since 2017, there has been a 116% increase to our operating budget. We are hopeful that the new funding formula will include an administrative component that will address the reductions.

Councillor Jo-Anne Gignac inquires whether municipalities across the province are receiving this funding. Ms. Bosco indicates that they will be receiving another allocation of funding prior to the summer. There will be an administrative component, support for some ECEs in the field, as well as some innovative funding that will be received.
