### 11. ADMINISTRATIVE ITEMS

#### 11.1. Closure of Third Street R.O.W. between Continental Avenue and E. C. Row Expressway, Ward 2, SAS-6924

##### **Joshua Vitella, on behalf of Vitella Plumbing Inc., Applicant**

Joshua Vitella appears before the Development & Heritage Standing Committee, on behalf of Vitella Plumbing Inc., regarding the administrative report entitled “Closure of Third Street R.O.W. between Continental Avenue and E. C. Row Expressway, Ward 2, SAS-6924” to request first rights to purchase the northern half of the land, to oppose the granting of an easement to the owner of 4575 Fourth Street and to support the recommendation to allow an easement to the City of Windsor for necessary maintenance. Mr. Vitella indicates that it is the intention of Vitella Plumbing, Inc. to develop the land.

##### **Amy Farkas, Agent for Landowner of 4575 Fourth Street**

Amy Farkas, Agent for Landowner of 4575 Fourth Street appears before the Development & Heritage Standing Committee regarding the administrative report entitled “Closure of Third Street R.O.W. between Continental Avenue and E. C. Row Expressway, Ward 2, SAS-6924” to support the Administrative recommendation as presented.

Councillor Angelo Marignani inquires about the need for the Third Street access. Ms. Farkas indicates that the parcel will be landlocked should there ever be an expansion. It had previously been used as an entrance until the City requested that First Student Inc. located at 4575 Fourth Street stop using the laneway. There is interest in acquiring a portion to allow access to the parcel.

Councillor Fred Francis asks Administration if anything can be done to mitigate concerns presented by Vitella Plumbing Inc., with respect to the easement of the bus company. Wira Vendrasco, City Solicitor appears before the Development & Heritage Standing Committee regarding the administrative report entitled “Closure of Third Street R.O.W. between Continental Avenue and E. C. Row Expressway, Ward 2, SAS-6924” and indicates that the bus company is entitled to have access from Third Street and it is the decision of the committee that will determine if they will continue to have access. Ms. Vendrasco also confirms that the recommendation is according to best practices and what is done for all similar types of developments.

Councillor Fred Francis inquires whether there are any other recommendations that Administration may wish to employ to help ease some of those concerns as it relates to commercial development if the recommendation is approved. Brian Nagata, Planner II – Development Review appears before the Development & Heritage Standing Committee regarding the administrative report entitled “Closure of Third Street R.O.W. between Continental Avenue and E. C. Row Expressway,

Ward 2, SAS-6924” and indicates that specific details, including the design and development as well as how the easement would work, would be addressed during the site plan control process.

Councillor Fred Francis inquires whether the investment in commercial development in the area can move forward with the recommendation as presented. Mr. Nagata indicates that based on the comments from Mr. Vitella, the easement could compromise what Vitella Plumbing is trying to achieve. For the property at 4575 Fourth Street, it is subject to site plan control and any access onto Third Street will go through that process.

Ms. Vendrasco adds that the properties are entitled to access. It has been moved to make it an easement as opposed to not permitting the closure.

Councillor Kieran McKenzie asks Administration for clarification with regards to 4575 Fourth Street being landlocked. Ms. Vendrasco indicates that the lots are in the form of lots on a plan of subdivision. The northerly lots could be sold off without going to committee of adjustment or requiring any property. If Third Street is closed, those lots would be landlocked.

Councillor Kieran McKenzie inquires whether action was taken when it was identified that the bus company began using the wooded lot to create a separate roadway access to the 4575 Fourth Street. Mr. Nagata confirms that enforcement was taken and the company was asked to stop using the access.

Councillor Kieran McKenzie inquires about the municipality’s authority to make decisions about easements as it relates to development opportunities. Ms. Vendrasco indicates that there is nothing stopping an owner from transferring property to another party and creating new parcels, which could result in the abutting properties being landlocked.

Councillor Marignani asks if there is anything in the future that this proposal can be applied to besides what was listed. Mr. Szymczak answers that what is being recommended is (including the exceptions that existed previously), adding washroom and municipal infrastructure.

Councillor Kieran Mackenzie states that pushing some of the structures listed; observation deck, fountains, playground equipment etc. to Administration poses some risks. Mr. Szymczak answers that the various structures exist currently in the Zoning By-Law, the proposal is adding it to a more appropriate section of the Zoning By-law. Jim Abbs (author) – Planner III – Development – presents application

Jackie Lassaline (agent) – Lassaline Planning Consultants – is available for questions.

Anthony Piplo (Applicant) – NuFusion Associates – is available for questions.

Councillor Marignani states that the building set back (24m) is more than what we typically see and asks why that is. Mr. Abbs answers that the recommended setback would discourage the applicant from significantly changing the concept plan through the rest of the development process.
