**Subject:** Ban Fluoride in City Drinking Water!

My name is Toma Ljulj and I have been a resident of the city of Windsor for 30 years.  
My address is:  
2183 Luxury Ave.  
Windsor, Ontario  
N8P1W9

I have recently become aware that the city of Windsor is adding fluoride to our drinking water and this caused me to do my own research on this issue. With all of the data and research available that clearly demonstrates the negative health effects related to the ingestion of fluoride to adults and especially infants, it is absolutely shocking to me that we are even having a debate on whether or not sodium fluoride should or should not be eliminated/banned from our drinking water.

I strongly urge Windsor city council to BAN the addition of fluoride to our drinking water effective immediately.

Truly,

Toma Ljulj
