8.2. Rent Supplement Program Expiries and Mitigation Strategy - City Wide

Councillor Gignac inquires as to what other organizations have reached out to us regarding this information related to the expiration of the rent supplement funding. Jolayne Susko, Coordinator of Housing Administration & Policy, appears via video conference before the Community Services and Parks Standing Committee Meeting regarding the administrative report "Rent Supplement Program Expiries and Mitigation Strategy – City Wide" and indicates that administration has been meeting with the administrators from local agencies that provide assistance with rent supplements and various community partners are detailed.

Councillor Gignac expresses concern related to the funding and what will happen if the funding is not extended. Ms. Susko indicates that the action plan for 2022 is to use the funding that the Ministry has provided with a rollover into the funding from the Windsor Essex Housing Benefit (WEHB). Ms. Susko provides some priorities and details related to the centralized wait list.

Councillor Gignac indicates that assisted living currently provides extensive support to people in need, and there will be no way they will be able to go into an apartment without this assistance; if there is no funding in March, the City will not be able to support these organizations. Debbie Cercone, Executive Director of Housing & Children Services, appears via video conference before the Community Services and Parks Standing Committee Meeting regarding the administrative report "Rent Supplement Program Expiries and Mitigation Strategy – City Wide" and indicates that only the rent supplement portion of funding is expiring, although supports to individuals in that program are continuing. Ms. Cercone adds that this will impact other systems. Ms. Cercone indicates that administration does recognize the seriousness and that the government funding needs to be extended beyond 2023; otherwise, they will end 185 rent supplements to 185 vulnerable households.

Councillor Gignac expresses concern related to current times and COVID and if the funding is not renewed, the burden will fall on the municipality, can the City do more than send a letter. Administration provides details of the information they have submitted as well as requests to maintain funding.

Councillor Bortolin refers to several programs that in past if they were expired whether they were for the most part renewed yearly. Mike Deimling, Social Housing Analyst, appears via video conference before the Community Services and Parks Standing Committee Meeting regarding the administrative report "Rent Supplement Program Expiries and Mitigation Strategy – City Wide" and indicates that programs vary in rules and timeframes. Mr. Deimling adds that there are some housing programs that have been in place for some time, and for this program there is no new funding stream identified so far. Mr. Deimling provides details related to various programs and funding.

Councillor Bortolin inquires as to where the City stands and whether there is an opportunity for extension of funding. Jelena Payne, Commissioner of Human & Health Services, appears via video conference before the Community Services and Parks Standing Committee Meeting regarding the administrative report "Rent Supplement Program Expiries and Mitigation Strategy – City Wide" and indicates that every Ministry and program works differently. Ms. Payne indicates that sometimes funding is extended at the last minute and provides examples. Ms. Cercone indicates that the Ministry of Municipal Affairs and Housing struck a working group related to this program, and the group is going on an assumption that the Ministry will do the right thing and continue the funding for the program. Ms. Cercone indicates that the Province has announced new programs that will be implemented in April, but the amount of funding for these programs would not be enough to fund all the rent supplement programs.

Councillor Bortolin inquires about a transition program and whether risks can be mitigated by funding other programs. Ms. Susko indicates that if that is the case the City would not be able to help anyone new.

Councillor Bortolin inquires as to what can be done. Ms. Susko indicates the City has raised it to AMO through the delegation in August.

Councillor Bortolin asks about transitioning/holdback of WEHB funding from last year and what will happen with that funding, if it is not needed. Ms. Cercone indicates that they would continue to address the wait list need with that fund. Ms. Cercone provides details of the information that was provided to AMO and indicates that a number of municipalities are advocating as well.

Councillor Gignac inquires related to continuation of this funding, what is being done, whether there will be flexibility of where the money is spent going forward, and whether the opportunity to push harder for flexibility of this pool of funding to address all of these issues is available. Ms. Payne indicates that long term flexibility in funding is being advocated through federal funding moving forward.

Councillor McKenzie expresses concern with the ending of this funding and whether the impacts of losing this funding has been quantified, making it clear that if these funding envelopes end, these are the impacts, in hospitals and to social services and whether this has happened across the province. Ms. Payne indicates that she is not aware whether other agencies have done this and if the information has been shared with the AMO and FCM. Ms. Payne indicates that if people cannot afford their rent, they will become homeless, and administration would have to reach out to quantify hospital impacts, or long term care, and other programs. Ms. Payne reiterates that the Province knows that losing this funding has detrimental consequences to the community. Ms. Cercone indicates that information is provided to these respective expert subject matter tables and everyone understands the impacts.

Councillor Morrison thanks administration for a very detailed report which outlines a complex issue. Councillor Morrison correlates this issue to a discussion related to people with supports funding and provincial jurisdiction, which was held some time ago, and inquires as to when administration will bring this request back to Council. Ms. Payne indicates that administration would never

Minutes

Community Services and Parks Standing Committee Wednesday, January 5, 2022

Page 11 of

propose rendering anyone homeless at any time. Ms. Payne adds that this report would more than likely move forward to the January 31, 2022 City Council Meeting and administration can provide an update if there is one at that time. Ms. Cercone anticipates that they will work through the province this year and work with resources within the existing budget to manage. Ms. Cercone adds that if all of that does not work administration would be putting through a request to the 2023 budget to mitigate any differences.

Councillor Gignac expresses concern with municipalities bearing the burden of these extra program costs which is unsustainable. Administration indicates that the AMO and the FCM know that these programs have to come with sustainable funding. Ms. Cercone provides details related to predictability and sustainability of funding specifically long-term funding as well as government priorities.

Councillor McKenzie requests clarification related to the recommendation. Administration provides that clarification.

Councillor McKenzie inquires about the quantification of the impacts and that it be included in the correspondence that is forwarded related to the programs being sunsetted. Administration indicates that internally they can provide the information that they currently have costs of shelter systems and impacts that they have readily available. Ms. Payne indicates there are some challenges as they are stretched thin due to all of the COVID issues; a comprehensive evaluation would not be possible. Ms. Payne indicates that a collective voice would have more impact than just the City.

Councillor Morrison inquires about the funding. Ms. Cercone suggests to advocate for the entire envelope of \$3.4 million.

Councillor Bortolin inquires about immediate needs and whether this would be reported to Council, including status and funding shortfalls to advise Council prior to the deadline. Ms. Cercone indicates that a report can be brought to Council to provide an update and the status.

Moved by: Councillor McKenzie

Seconded by: Councillor Bortolin

9. QUESTION PERIOD

Councillor Morrison inquires as to the current COVID restrictions relating to recreation facilities. Jen Knights, Executive Director of Recreation and Culture, appears via video conference before the Community Services and Parks Standing Committee Meeting and indicates the City is responding responsibly to the current COVID-19 situation and following current government guidelines related to closing arenas. Ms. Knights adds they are following the direction provided by the Province earlier this week in accordance with the legislation that was provided recently. Ms. Knights indicates that the virtual after school programming is being launched and that administration will continually monitor the situation and re-open the facilities when they are able to do that.

Councillor Morrison inquires whether this approach is consistent with other municipalities in Essex County. Ms. Knights indicates that it is yes, and surrounding municipalities have also closed their arenas. Ms. Knights adds that the museums are also required to be shut down.

Councillor Morrison inquires about the elite athletes and whether they will be exempt. Ms. Knights indicates that the regulation does provide some guidance related to this and administration is working in conjunction with the national and provincial sport organizations to provide a list of athletes as well as what is required from the City.

Councillor McKenzie inquires about the service levels related to snow removal from trails. Ray Mensour, Commissioner of Community Services, appears via video conference before the Community Services and Parks Standing Committee Meeting and indicates that staff have been re-deployed to start clearing the trails and they will be cleared as soon as possible.

5. Business Items

5.1 Administrator's Report

In response to a question asked by Councillor Gill regarding if there has been an increase in staff due to the funding from the Ministry, A. Sirbu advises that a portion of the funding has been received and they are working with Finance and the Ministry to clarify the formula that Huron Lodge is to utilize. The intention of the funding is allow for an increase in staff, however, the language and the formula provided by the Ministry is somewhat obscure. It is important to ascertain how much of the funding can be used to increase staff and how much can be used for a potential offsetting of the provincial contribution.

Moved by Councillor Kaschak, seconded by Councillor Gill,

That the report from the Administrator of Huron Lodge providing the Committee of Management with an update on issues related to resident care, the Ministry of Long Term Care, the Local Health Integration Network and other initiatives that impact the Long Term-Care sector **BE RECEIVED** for information and **APPROVED** for the period of November 2021.

Carried.

5.2 Council Resolution 496/2021

Moved by Councillor Gill, seconded by Councillor Kaschak,

That Council Decision 496/2021 relating to the 1-year pilot program to provide free menstrual products in washrooms at city facilities **BE RECEIVED**.

Carried.

5.3 Letter to the Chair, Committee of Management for Huron Lodge from Christopher O'Connor, Auditor General

J. Payne advises that the Committee of Management did direct a response acknowledging that if the Auditor General were interested in auditing, that Huron Lodge would welcome this. However, Huron Lodge is a department of the City of Windsor and falls under any requirements under the Auditor General from a City of Windsor perspective as a Corporation. This item has already been dealt with by both the Committee of Management and City Council.

Moved by Councillor Kaschak, seconded by Councillor Gill,

That the letter sent to Councillor Sleiman, Chair of the Committee of Management for Huron Lodge from Christopher O'Connor, Auditor General dated November 25, 2021 **BE RECEIVED**.

To: Mayor and Members of City Council

Recommendation:

THAT the report submitted by the Manager, Culture & Events in response to CQ6-2021 regarding the catalogue of street closures for events in the City **BE RECEIVED** for information.

Executive Summary:

N/A

Background:

At the March 29, 2021 meeting of City Council, Councillor Bortolin asked the following Council Question:

CQ6-2021 - "Ask Administration to report back with a recommended catalogue of street closures for events in the City. The catalogue should include consultation with the Special Events Resource Team (SERT) as well as the total costs associated with each street closure. Furthermore, Administration should breakdown all fees associated with each street closure and identify potential savings for event organizers".

This report has been prepared in response to that question.

Discussion:

Special events are an integral part of the Windsor community, with over 100 major events being hosted in 2019 including Bluesfest Windsor, Open Streets Windsor and Art in the Park.

Street closures are often a component of a special event and are governed by the *Highway Traffic Act*. The Act has recently been amended to include security requirements for street closures. The requirements for street closures continues to include sufficient “Road Closed” signage, appropriate barricades, and flashing amber lights to clearly identify the closed sections.

Approval for short-term road closures has been delegated by Council to the Chief Administrative Officer through By-law 208-2008.

Special events taking place on any public property in the City of Windsor must initially be approved by City Council and are vetted through the Special Events Resource Team (SERT). The level of involvement by the organizations below will vary depending on the size and type of event.

SERT MEMBER/ORGANIZATION	ROLE
Recreation and Culture Department	Chair
Windsor Police Services (WPS)	Approval of traffic control plan (TCP), contract duty officers, review of events safety plan, guidance and communication

On March 8, 2021, City Administration presented CR8/2020 in response to CQ4/2019. Through the report and a business process review, Administration identified efficiency within the Delegation of Authority By-law 201-2008. The CAO further delegated authority to the Executive Director of Recreation or designate for the following events and requests are now processed through the Active.net permitting software:

- Section 1.4 – Noise By-Law Exemption;
- Section 1.7 – Special Events Road Closure;
- Section 1.10 – Special Events at City Facilities and Parks;
- Section 1.48 – Signing Letter of Non-Objection – AGCO Liquor Licence Application Requirements;
- Section 3.13 – Letter of Support for applications by outside groups or agencies where there is no financial commitment on the City, subject to a favourable recommendation in support of the letter of request from responsible Executive Director.

The recommended business process change was intended to improve the turn around time of approval by allowing the Recreation and Culture Department to issue a permit to the end user.

Despite the global pandemic, modified events requiring permits continued in 2021, and the Culture & Events Division continued to provide guidance and support to user groups using the new streamlined process. The new process noted above and Delegation of Authority for approval to the Executive Director, enabled the department to issue and or adapt permits, primarily road closure requests, in a more efficient and timely manner. This allowed host organizations to finalize safety plans and event logistics with agility and reduced stress.

Many outdoor festivals and events are looking to return for 2022, including the Mayor’s Walk, International Fireworks as well as the Detroit Free Press Marathon and we look forward to seeing further positive efficiencies and support created by this new process.

In response to CQ6/2021, Administration met with the members of SERT, consulted with other municipalities, reviewed the current road closure process and analyzed historical data. The discussion and research resulted in the categorization of road closures into three road closure categories. The meetings with SERT also included discussion of a catalogue/standardized routes to assist in mitigating cost and resources for event organizers and internal departments.

Road Closure Catalogue Overview

Type of Road Closure	Examples	Typical Duration
Complete static road closure or public right-of-way	Street fair Festival Farmer’s Market Temporary patio extensions Display events (car show)	Overnight Specified number of days
Temporary closure of a roadway or public right-of-way	Parade Procession Running or walking events Open Streets	Roadway opens immediately upon conclusion of event
Temporary control of a roadway or public right-of-way (also referred to as a rolling barricade)	Funeral procession Demonstration march Often churches, community groups or associates	Intersections are controlled by sworn Duty Officers for a brief period of time Designated route

It is difficult to outline all possible options to manage events within the constraints of organizers’ budgets, as no two special events share the exact same location, footprint or audience. Below we have identified recommended routes as it relates to civic procession/parades (i.e. Canada Day, Santa Claus, PRIDE, etc...).

<p style="text-align: center;">Recurring Annual Civic Procession/Parade</p> <p style="text-align: center;">PRE-APPROVED ROUTE</p>	<p style="text-align: center;">LOCATION</p>
<p>Ottawa Street East</p>	<p>Between Monmouth Road and Langlois Avenue</p> <p>Walker Road to Monmouth Road designated as local traffic only</p> <p>Must maintain access to the Market/Shoppers parking lot</p>
<p>Riverside Drive East and West</p>	<p>Between Devonshire Road and Caron Avenue</p> <p>Walker Road to Devonshire Road designated as local traffic only</p> <p>Must maintain access to Hiram Walker</p>
<p>Wyandotte Street East</p>	<p>Between Devonshire Road and Aylmer Avenue</p> <p>Walker Road to Devonshire Road designated as local traffic only</p> <p>Must maintain access to Tim Hortons and Hiram Walker</p>

The routes above are intended for large scale recurring annual holiday parades as well as the PRIDE parade (Ottawa Street location). One-off parades or processions, such as a Memorial Cup-type parade, would also be discussed with and considered by SERT.

Windsor Parade Corporation has already confirmed their interest in using the Wyandotte Street East route, noted above, for their Canada Day and Santa Claus Parades.

Administration is of the opinion that the three routes noted above provide a variety of opportunities for large scale parades and processions and do not pose any limitations to event organizers, nor would cause the loss of any event due to lack of route options.

Factors taken into consideration for the approved routes included:

- Number of intersections to be controlled by sworn duty officers
- Amount of equipment required vis-a-vis the Highway Traffic Act

- Impact on local businesses and residents
- Impact on egress and ingress of emergency vehicles and situations
- Level of required volunteer personal by the event organizer
- Safe provision of sight lines for participants and parade devices (floats, act etc.)
- Impact on emergency services such as fire halls, hospital, EMS routes
- Proper clearance of safety equipment such as hydrants
- Historical traffic and pedestrian flow
- Access to public parking lots and meters
- Impact on public transit
- Ease of redirecting the flow of, including alternate truck detours if necessary

Providing event organizers with pre-approved locations to accommodate parades and processions would greatly improve the pre-planning necessary by emergency service personnel (Police, Fire and EMS). Use of these pre-approved designated routes minimizes risk levels by a reduction of access ways to mitigate hostile vehicle situations, addresses reduced schedule of personnel requirements, which in turn reduces cost for the event organizer, and maintains safety levels for the participants of the event.

Further, these pre-approved routes would also assist residents and businesses impacted by the closure or disruption, to better plan for the event and provision of service to the event or their clients.

Any closure of roadways and public right of ways impacts the flow of vehicular traffic and pedestrian movement. Restricting access to residents and businesses must also be taken into consideration by SERT in the interest of public safety, ingress and egress of emergency vehicles and services, and course of action in emergency situations, whether immediate or possible. Proper placement of personnel, vehicle traffic controls and equipment is critical to maintain a level of awareness to accommodate any emergency that may present itself during the closure.

The Special Events team works with event planners to mitigate costs and may suggest that an event planner consider private security firms, modifying/reducing the closure or relocating the event so as not to require a road closure. The Special Events team along with SERT continue to work with the hosts to mitigate costs on a case-by-case basis.

Below we have identified common Fixed and Variable costs in association with hosting special event road closures.

Fixed Costs Special Event Road Closure:

ITEM	COST
Special Events Road Closure Fee	\$155.30
Noise Bylaw Waiver Fee (if applicable)	\$103.55
Windsor Fire and Rescue Inspection Fee	\$300.00 – new event \$150.00 – RECURRING EVENT

In comparing the fee structure for road closures amongst comparable municipalities with similar size/scope, Windsor's fee structure is very competitive (Appendix A). Requirements from other municipalities include assessment fees for advertising the road closures, advertising fees for alternative Transit services, or for changes to route including the change for increasing scheduling. Supplemental services such as barricades and bagging of parking meters are similar. Some of these other noted municipal fee structures and services are included or not assessed in the City of Windsor. The City of Windsor's permit fee is \$155.30 for a major road closure while other municipalities vary from \$266.00 to \$650.00 dependant on if the request is for a complete closure, partial closure or temporary control (rolling closure).

Variable Costs Special Event Road Closure:

In the event that police officers are required for an event, the current process to request Contract Duty Officers is to submit a "Request for Contract Duty Officers" (Appendix B) and sign a Memorandum of Understanding (Appendix C), which is sent to Windsor Police Services.

Provision of required personnel and vehicles to manage the closure are key elements of the safety plan. Maintaining the safety and wellbeing of the event participants, the public at large, and flows of traffic by sworn officers (as required by the *Highway Traffic Act*) may require provision of designated personnel such as Contract Duty Officers (depending on analysis by Police Services), EMS personnel and/or designated ambulance vehicles, and Fire and Rescue personnel and/or designated vehicles.

Closures do have an impact on regular day-to-day duties of these departments, and scheduling of personnel and vehicles is dependant on regular public needs and emergency responses.

Based on the history, nature and size of the event or similar events, Windsor Police Service reserves the right to alter or increase the number of officers, supervisors, and/or vehicle requirements, the number of hours an officer is to be on site, the duties to be performed, and the right to cancel or refuse the Contract Duty all together.

All Contract Duty policing, and the cost associated with the service, is subject to the current Windsor Police Association - Unit "A" Collective Agreement, the Windsor Police Service - Contract Duty Employment - Directive 791-05, and the Police Services Act (Appendix B).

Typically a three (3) hour minimum fee is applicable per approved officer. Provision of service is discretionary; neither the Windsor Police Services, nor the Windsor Police Services Board have the authority to compel their officers to work in their off-duty hours.

Set fees for contract duty officers enable an agency or organization to have a sworn officer on hand to provide visible security for an event. With the current demands on Windsor Police Services, the calls for service, shifts, and random availability of officers, the Contract Duty system ensures that off duty officers can be assigned to events specifically, without concerns of having them redirected or tasked to other high priority matters.

While *the Highway Traffic Act* does not require a police presence for security purposes, the City's Municipal Alcohol Policy, approved by M512-2015 on December 7, 2015, does stipulate that the municipality and/or Windsor Police Services reserve the right to require the presence of police officer(s) for the duration of an event where alcohol is served, and in some instances roads that are temporarily closed for this purpose. The number of police personnel, if required at an event, shall be determined by the Windsor Police Services and associated costs are to be borne by the sponsoring group or individual.

Any equipment (including barricades and traffic control signage) and personnel required to secure the road closure are the responsibility of the event organizer - these fees are variable dependent on the type, location of the road closure, length and duration.

As noted above, the bulk of the costs associated with road closures involve the personnel and equipment to safely execute the event. These costs are variable and all members of the Special Events Resource Team, and in particular Windsor Police Services, evaluate each event on its own merits, risks, and against governing legislation while working with event organizers to minimize costs where appropriate.

The Special Events team also acts as a resource for event organizers and can provide suggestions for additional savings such as volume discounts for equipment and supplies as well as ways to internally source and/or create items such as barricades, saving money on rental fees and labour.

Risk Analysis:

Litigation risks are standard with any special event held on City property and may pose a significant risk. These risks are mitigated by thoroughly vetting the event through the Special Events Resource Team, requiring sufficient security measures and transferring risk to the event host by requiring the event host to indemnify the City in the event of a loss and provide proof of insurance. Insurance and all other conditions that must be satisfied for the event to proceed are handled in accordance with the Special Events

Agreements Procedure. Special events requirements are evaluated on a case-by-case basis.

Report Date: March 10, 2022
Clerk's File #: SR2022

To: Mayor and Members of City Council

Recommendation:

THAT the report from the Cultural Development Coordinator and the Manager of Culture & Events regarding the update on Round 1 of funding of the Arts, Culture and Heritage Fund (ACHF) in 2022 **BE RECEIVED**.

Executive Summary:

N/A

Background:

Council approved the ACHF grant program as part of the 2022 budget process.

The guidelines for the Arts, Culture and Heritage Fund outlined the process for selecting the jurors as follows: "All applications will be assessed by a jury, working with the Culture staff. The jury will be comprised of a diverse selection of five (5) people that are arts, culture or heritage professionals. Some have direct experience working with arts, culture or heritage organizations or as individual creators. Others have municipal backgrounds with arts, culture and heritage experience. The ACHF will select jurors who:

- Have a broad spectrum of knowledge and experience of the creative community;

- Have knowledge of the arts, culture and heritage needs of the City of Windsor;
- Will provide fair and objective opinions;
- Can articulate their opinions and work in a group decision-making environment

These jurors diligently completed the evaluation process on all of the applications submitted to the current funding round.

Discussion:

The Application form for the Arts, Culture and Heritage Fund was posted on the City of Windsor's website, and the targeted webpage (achfwindsor.ca) with the grant opening January 17, 2022 and closing February 4, 2022. All regular promotion took place utilizing social media, E-Blasts, and sharing by cultural organizations including social media pages for the City of Windsor, Museum Windsor, and Mayor Drew Dilkens, as well as partner websites and social media pages including Arts Council Windsor & Region, Windsor-Essex Theatre Community, and Windsor Endowment for the Arts. Two public information sessions were held virtually on January 26, 2022 with City administration providing details of the program guidelines, eligibility criteria, application and adjudication process. As with each previous funding round, all applicants completed consultations by phone or email with a member of the Culture & Events team to confirm applicant and project eligibility in advance of submission, and to receive support through the process. The ACHF application is electronic, with both an online application form and an online process for adjudication.

The jury continues to appreciate the online process as it permits them access to the applicants' support materials by allowing them to click embedded links to artist information, reference letters, organizational documents, websites, videos, sound files and image files, and work samples. Both jurors using this system for adjudication and applicants using this system to apply remain satisfied with the overall functionality of the system.

Each juror received a specific and unique login to allow them access to the online applications. Administration was able to monitor the jury's progress through the evaluation process, and answer questions as needed. The jury convened on March 1, 2022 through Zoom to discuss the key objectives and priorities of the fund and to adjudicate the applications as a group to arrive at final funding decisions.

There was a long and fulsome conversation amongst the jurors to determine the final decision. At the close of the application round, Administration received twenty-six applications – twenty-two from individuals, and four from organizations – totalling about \$104,000 in requested funding. If the opportunity to fund all of the requests were available, the total value of the projects would exceed approximately \$118,590, demonstrating how grant funding leverages additional spending on, and increases spin-off investment in culture within the community. There is \$59,000 available for distribution in the first round of the ACHF in 2022. Of their collective experience working as part of the ACHF Jury for the first round of funding for 2022, the members' comments included:

“As a first time juror, I found it an interesting and enlightening experience – there were so many wonderful and greatly varying projects to consider. I appreciated administration’s guidance throughout this process. I also benefited from the experience of the other jurors. I look forward to the next round.”

“This was a wonderful experience. Thank you all for the great discussion.”

The jury was pleased to be able to award grant funding to nineteen projects – seventeen grants to individuals, and two grants to organizations in this funding round. Of the applicants in this round, eleven were first-time applicants to the program, and eight of those applicants were selected for funding.

The jury selected a strong mix of projects across genres including the visual arts, the performing arts, film, music, literary arts and storytelling, podcasts, and some important projects supporting diversity, inclusivity, heritage and the celebration of humanity in our community.

Table 1 below provides a detailed listing of successful applicants along with a description of the project they submitted for funding. Upon completion of their projects, applicants are required to submit to the Culture & Events office, a final report outlining the impact of the project, both financially and within the cultural community of Windsor. All final reports require the recipients to quantify the results of their project (the number of visitors, CDs sold, attendance, engagements, etc.). The final report also includes the final budget for the project confirming revenues earned, copies of promotional materials, and the criteria they used to measure the success of their project in meeting their goals and how they believe the project affected life of our community.

Additionally, as identified in earlier reports to Council, all of the projects selected are required to identify the City of Windsor as a funder to the project, through the display of the City logo with the accompanying words “Supported by the City of Windsor’s Arts, Culture & Heritage Fund (ACHF) achfwindsor.ca” on all project materials.

As requested by members of City Council with previous reports, the successful applicants are featured on our website under “ACHF Success Stories.” They are also invited to display or showcase their finished projects, where appropriate, at specific city events such as culture summits, the City birthday celebration, and potentially the Mayor’s Arts Awards (an event held in partnership with the Windsor Endowment for the Arts). Information about the projects is also shared in Culture E-Blasts, on social media, and through the annual Parks, Recreation & Culture Community Impact Report.

Risk Analysis:

The Municipal Cultural Master Plan originally recommended that an arm's-length commission be established that was a decision-making volunteer body independent of Council consisting of City residents who are familiar with cultural disciplines and cultural organizations in the City.

The Task Force that convened to guide this project to fruition expect there to be a transparent application process in order to have the applications adjudicated without prejudice. The Task Force supported a jury process that consisted of members of the community applying or being nominated, and being selected for the knowledge and experience that they share with the community.

Conclusion:

The City of Windsor continues to make significant contributions to the cultural fabric of the community.

The ACHF grant-funding program continues to grow the arts, culture and heritage sector by providing small and impactful amounts of funding to help make culture happen now. The purpose of this fund – *Investing in the soul of our City by providing financial assistance to locally developed arts, culture and heritage projects that provide exciting, surprising, and meaningful opportunities to strengthen our creative community* – will have an immediate impact on the cultural community.
