Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Corporation of the City of Windsor as at December 31, 2014, and its consolidated results of operations and the changes in its consolidated net financial assets and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

(\$000's)

1. Summary of significant accounting policies and reporting practices (continued)

(iii) Taxes receivable and related revenues

Property tax billings are prepared by the City based on assessment rolls issued by the Municipal Property Assessment Corporation ("MPAC"). Tax rates are established annually by City Council, incorporating amounts to be raised for local services and amounts the City is required to collect on behalf of the Province of Ontario in respect of education taxes. A normal part of the assessment process is the issuance of supplementary assessment rolls, which provide updated information with respect to changes in property assessment. Once a supplementary assessment roll is received, the City determines the taxes applicable and renders supplementary tax billings. Taxation revenues are recorded at the time tax billings are issued. Assessments and the related property taxes are subject to appeal. Tax adjustments as a result of appeals are recorded when the result of the appeal process is reasonably certain. The City has established a tax appeals reserve fund to provide funding to help offset the results of any future appeal decisions. The City is entitled to collect interest and penalties on overdue taxes. These revenues are recorded in the period the interest and penalties are levied. Tax revenue is recorded net of reductions. Taxes receivable are reported net of any expense or allowance for doubtful accounts.

(iv) Trade and other receivables

Trade and other receivables are reported net of any allowance for doubtful accounts.

(vi) Tangible capital assets

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets, excluding land and landfill sites, are amortized on a straight line basis over their estimated useful lives as follows:

Asset classification and amortization schedule	
Classification	Useful Life (Years)
Land	Infinite
Land improvements	10 – 75
Buildings and building improvements	10 – 60
Vehicles, machinery and equipment	3 – 35
Water and wastewater infrastructure	25 – 100
Roads infrastructure	25 – 100
Airport	6 – 40

The landfill has an estimated service capacity of 8,000,000 tonnes and is being amortized using the units of production method based on capacity used during the year.

Contributed assets

Contributed assets are recognized at their fair market value as of the date of contribution to the City.

1. Summary of significant accounting policies and reporting practices (continued)

Tangible capital assets assumed by the Province

As part of the construction of the Rt. Hon. Herb Gray Parkway, the Ministry of Transportation of Ontario has assumed certain roads infrastructure tangible capital assets of the City having a net book value of \$48,627. This has been recognized as a reduction in the annual surplus in the year ended December 31, 2013 on the consolidated statement of operations.

Works of art and historical treasures

The City owns both works of art and historical treasures. These items have cultural, aesthetic or historical value and are worth preserving perpetually. Works of art and historical treasures are not recognized as tangible capital assets pursuant to the guidelines of PSAB Section 3150.

(vii) Employee future benefit liabilities

The City has adopted the accrual method of accounting for employee future benefits as required by PSAB. The cost of future benefits earned by employees is actuarially determined using the projected benefit method prorated on service and assumptions of mortality and termination rates, retirement age and expected inflation rate.

Past service costs from plan amendments, if any, are deferred and amortized on a straight-line basis over the average remaining service period of employees active at the date of amendment. Actuarial gains and losses on the accrued benefit liability arise from differences between actual and expected experience and from changes in the actuarial assumptions used to determine the accrued benefit liability. The excess of the net actuarial gains or losses are amortized over the average remaining service period of active employees, which is 13.3 years (2013 – 13.3 years).

(c) Provincial Offences Act

The City, under the authority of Part X of the Provincial Offences Act ("POA"), provides for and administers the POA courts in the Windsor-Essex Court Service Area, arranges for court support, has carriage of Part 1 prosecutions and associated appeals, and is responsible for the collection of related fines and fees. In accordance with policies adopted by other Provincial Offences offices and as a result of the nature of business activities, revenue is recognized on a cash basis.

(d) Use of estimates

The preparation of the consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Significant items subject to such estimates and assumptions include valuation allowances for receivables, certain accrued liabilities and obligations related to employee future benefits, the carrying value of tangible capital assets and the evaluation of contingencies.

Actual results could differ from these estimates.

6. Employee benefits

(a) Pension agreements

The City makes contributions to the Ontario Municipal Employees Retirement System ("OMERS"), on behalf of members of its staff. The plan is a multi-employer defined-benefit plan which specifies the amount of the retirement benefit to be received by the employees based on length of service and rates of pay. The multi-employer plan is valued on a current market basis for all plan assets.

THE CORPORATION OF THE CITY OF WINDSOR

Notes to Consolidated Financial Statements

Year ended December 31, 2014

(\$000's)

6. Employee benefits (continued)

The City accounts for the OMERS plan by expensing contributions in the period in the consolidated statement of operations and accumulated surplus. Any surplus or deficit of the OMERS plan is accounted for by OMERS.

The amount contributed to OMERS for current service for 2014 was \$22,415 (2013 - \$19,086). At December 31, 2014 the OMERS plan is in a deficit position, which is being addressed through managing contribution rates, benefit levels, and investment returns.

The Transit Windsor contributory pension plan, covering substantially all of its employees, was frozen effective December 31, 1999 with pension benefits for service on and after January 1, 2000 being covered by OMERS. At December 31, 2014 the plan has, for accounting purposes, pension assets of \$3,821 (2013 - \$3,425) and is in a funding deficit of \$8,755 (2013 - \$5,471). As required by the Pension Benefits Standards Act, the City has issued a letter of credit to the pension plan and is making special payments regarding this funding deficit.

(b) Employee future benefit liabilities

Employee future benefit liabilities are future liabilities of the City to its employees and retirees for benefits earned but not taken as at December 31, 2014 and consist of the following:

(i) Post retirement and post employment benefits

The post retirement benefit and post employment benefit liabilities are based on an actuarial valuation performed by the City's actuaries. Post employment benefits include amounts accrued under the City's self funded long-term disability policy. The significant actuarial assumptions adopted in estimating the City's liabilities are as follows:

- Discount Rate 3.25% (2013 – 4.6%)
- Health Care Discount Rate: 6.0% (2013 – 6.5%)
grading to 4.5% per annum in 2017

(ii) Liability for Workplace Safety and Insurance

The Workplace Safety and Insurance Board ("WSIB") estimates the undiscounted future benefit costs and administrative downloading for the City as a Schedule II employer. The estimated liability recorded at December 31, 2014 is \$42,986 (2013 - \$39,677).

(iii) Accrued vested sick leave

Accrued vested sick leave refers to the balance of unused sick leave credits which is payable to eligible employees of the City upon their retirement. Under the sick leave plan, unused sick leave can accumulate and certain employees may become entitled to a cash payment upon leaving the City's employment. In 2014, an amount of \$1,171 (2013 - \$1,541) has been paid and is reported as an expense on the consolidated statement of operations and accumulated surplus.

7. Landfill post closure liabilities

The liability for landfill post closure costs at December 31, 2014 is comprised of the City's proportion of the Regional Landfill closure and post closure expenses of \$3,103 (2013 - \$1,808) and post closure expenses associated with the closed Essex County Landfill #3 of \$11,509 (2013 - \$10,345).

The Essex County Landfill #3 was closed in 1997 and requires care for an estimated period of 40 years from the date of closure. The December 31, 2014 liability for post closure expenditures is based on the annual payment to EWSWA of \$600 (2013 - \$600) and inflation adjusted at 2.0% per annum (2013 - 2.0%) and discounted to December 31, 2014 using a discount rate of 3.25 % (2013 - 4.6%).

The parkland acquisition fund is utilized to fund purchases of parkland and other recreation expenditures. The development charges fund is utilized to fund growth related capital works. The building permit fund is utilized to fund the building permit department. Surpluses or deficits of net building permit income (loss) are transferred to this fund. In 2012, the City created a reserve fund specifically to offset the deficit in the building permit fund, the activity of which is included above. The Provincial gas tax fund is utilized to fund public transportation programs. The Federal gas tax fund is utilized to fund environmentally sustainable municipal infrastructure projects. The Federal public transit fund is utilized to fund transit infrastructure to increase ridership.

9. Commitments

As at December 31, 2014, the City is committed to making the following payments:

- (a) Contracts for various capital construction projects, at a cost of \$42,060 (2013 - \$26,745) in the aggregate, to be financed generally by pay as you go funding from the operating fund.
- (b) Payments for various operating leases through 2019 of \$1,164 (2013 - \$1,467).
- (c) The City will host the following events: 2015 through 2017 FINA Diving Series and 2016 FINA World Swimming Championships (25m). The City has committed budgetary funding totaling \$3,674 towards these events. The remaining funding is expected to be achieved via sponsorships, grants, and private contributions.

9. Commitments (continued)

- (d) The City and YQG have received a commitment from the Federal Economic Development Agency ("FedDev") of \$12,643 towards the construction of a cargo facility comprised of 3 buildings totalling 71,000 square feet (sf). The City and YQG will be responsible for the estimated additional \$3,356 required for construction.

The buildings to be constructed on the Airport surplus lands include: 36,000 sf for Federal Express Canada Limited ("FedEx"), 10,000 sf for the University of Windsor Institute for Border Logistics and Security ("IBLS"), and 25,000 sf for a future cargo tenant.

- (e) The City has approved Community Improvement Plans ("CIP") that contain financial incentive programs for Brownfield Redevelopment, Economic Revitalization and Olde Sandwich Towne Community Improvement.

The CIPs allow the City to provide grants to property owners/tenants, or to undertake other community improvement activities to further the objectives of each CIP, which would otherwise be prohibited by Ontario's *Municipal Act*. At December 31, 2014, there were 12 approved grant applications under the Economic Revitalization CIP, 4 approved grant applications under the Brownfield Redevelopment CIP, and 2 approved grant applications under the Olde Sandwich Towne CIP. The amount of grant funding is directly tied to the increase in municipal property taxes as a result of assessment growth so there will be no net financial cost to the City. The program will not reduce current revenue levels but forego incremental tax revenue. Grants are paid over a period not to exceed 10 years with the maximum amount of grant funding equal to eligible costs incurred by the applicant.

The estimated value of remaining approved grants is \$6,255 (2013 - \$1,811).

- (f) The City has agreed to fund \$10,000 towards the transfer and renovations of the Armouries to the University of Windsor for their programs. The City has approved a placeholder of \$10,000 in its capital budget relative to this commitment.
- (g) In 2013, the City purchased the land and building which house the Art Gallery of Windsor ("AGW") for \$2,500. The City is obligated to lease a portion of the building to AGW for 48 years at \$1 per year.

10. Budget figures

Budget figures have been excluded on the consolidated statement of operations and accumulated surplus as they are not directly comparable to the actual figures due to the requirement to accrue certain expenses in accordance with PSAB reporting requirements. The City does not, in many cases, include these amounts in the annual budget as they do not require immediate funding. Additionally, budgets relating to tangible capital asset purchases have been excluded on the consolidated statement of operations and accumulated surplus, as they are not comparable to actual results. The City's annual capital budget is primarily invested in tangible capital assets which are reflected on the consolidated statement of financial position, while expenses included in the consolidated statement of operations and accumulated surplus include the annual amortization expense relating to those tangible capital assets.

11. Public liability insurance

The City is self-insured for general liability claims up to \$250 (2013 - \$250) for any individual claim. Outside coverage is in place for claims in excess of this amount.

The City is currently insured with the Ontario Municipal Insurance Exchange ("OMEX"), an insurance reciprocal whose members pool their insurance coverage. As a member of a reciprocal, the City agrees to assume a certain percentage of the entire group's liabilities and losses for the period of time that the City was a member. In the event that an annual premium funding becomes insufficient to cover claims and claim reserves, the reciprocal has the ability to re-assess each member to appropriately fund the difference. The City paid an amount of \$1,095 in retroactive assessments in 2014 (2013 - \$ nil). The City has established a reserve fund for self-insurance, which at December 31, 2014 amounted to \$3,761 (2013 - \$3,842).

The City budgets each year for premiums and claims. Any budget excess is credited to the reserve fund. Payment of premiums and claims are shown as expenses on the consolidated statement of operations and accumulated surplus.

12. Segmented information

The City of Windsor is a diversified single tier municipality that provides a wide range of services to its citizens, including police, fire, ambulance, public transit, water and many others. These services are provided by departments and related entities of the City and their activities are reported by segment in these consolidated financial statements.

For each reported segment, revenues and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Net municipal property taxes and payments-in-lieu of taxes are allocated to segments based on the net expenses of that segment. The accounting basis used in these segments is consistent with that followed in the preparation of the consolidated financial statements as discussed in Note 1. For additional information, please see the consolidated schedule of segmented net revenue (schedule 1). The City's reportable operating segments and their associated activities are as follows:

General government is comprised of Finance, Administration, Governance, Legal, Human Resources and other activities to support the other segments of the City

Protection to persons and property is comprised of Police, Fire, Conservation Authority, Provincial Offences, and Protective Inspection activities

Transportation services is comprised of Public Transportation, Roadway Maintenance, Winter Control, Central Garage, and Airport

13. Contingent liabilities

(a) During the normal course of operations, the City is subject to various legal actions, including some which can be substantial. The settlement of the actions that can be reasonably estimated is not expected to have a material effect on the consolidated financial statements of the City. Other legal actions may be at an early stage and therefore the likelihood and magnitude of impact cannot be reasonably determined.

(b) The City is awaiting a re-hearing of the Ontario Municipal Board ("OMB") regarding the expropriation of lands within the Spring Garden Area of Natural and Scientific Interest (ANSI). Depending on the outcome of the legal proceedings, the City could be obligated to pay an additional amount of up to approximately \$4,000.

(c) Construction of a new Huron Lodge Home for the Aged began in 2004. The project was substantially completed in March 2007 in compliance with Ministry of Health requirements. The contractor has registered a lien and claiming damages in the amount of \$4,677. Whether the contractor will recover all, some or none of that amount is undeterminable.

14. Comparative figures

Certain comparative figures have been reclassified to conform to the presentation adopted for the current year.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform an audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. In making those risk assessments, we consider internal controls relevant to the Entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
