Finding context-specific solutions to create a pleasant travel experience for all roadway users

Context Zones – University Avenue

Huron Church Rd
to California Ave

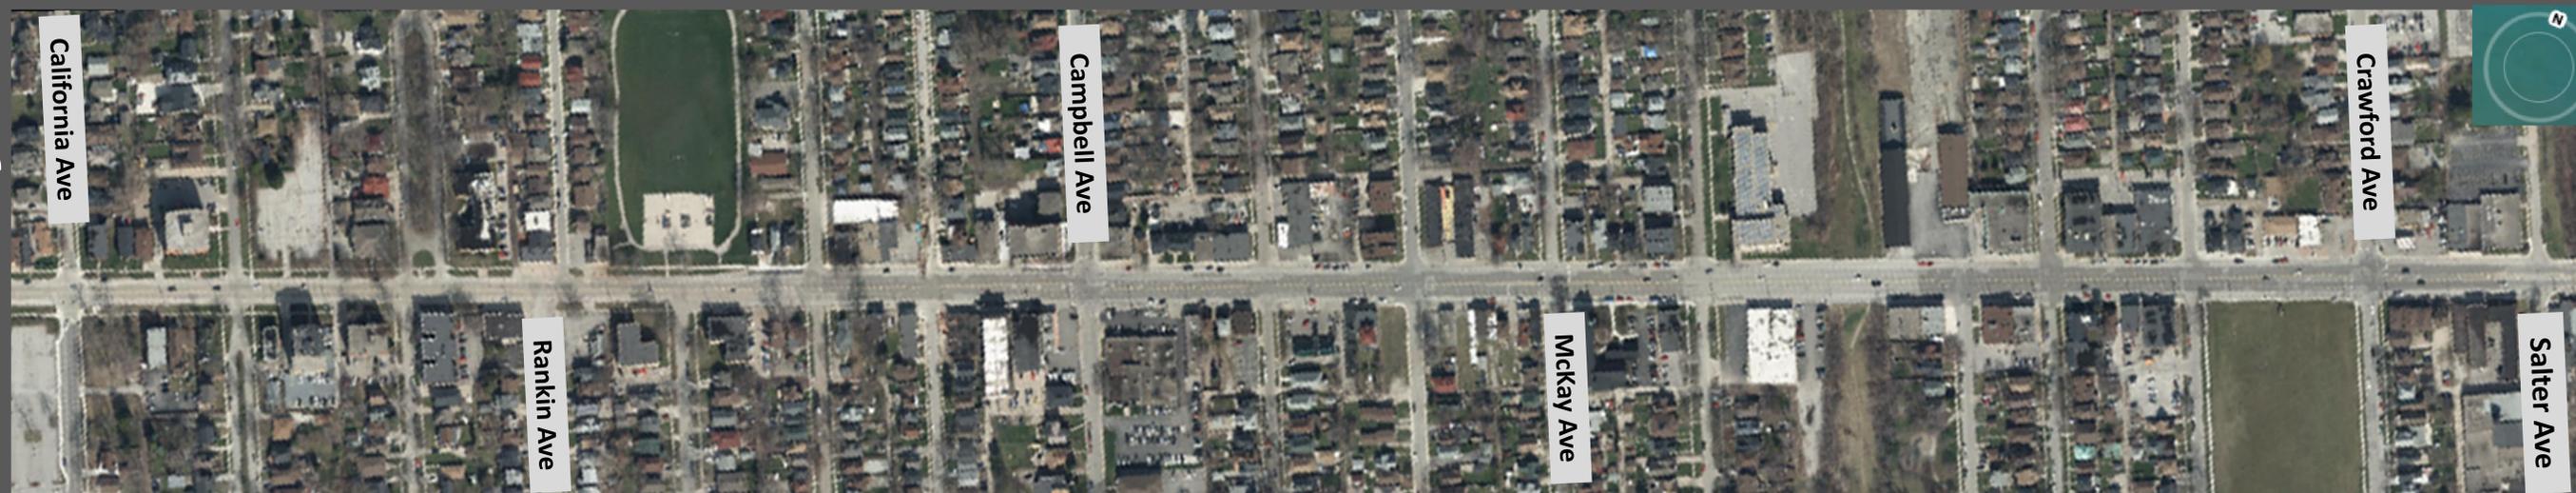

Riverwest - University Campus Area

This area is considered to be heavily influenced by the University of Windsor Campus and it's proposed regeneration.

Your Thoughts

California Ave
to Salter Ave

Riverwest – Residential Urban Area

This area is composed of low density residential as well as strip mall commercial facilities with multiple driveways. This area is also comprised of multiple parks and green spaces.

Context Zones – University Avenue

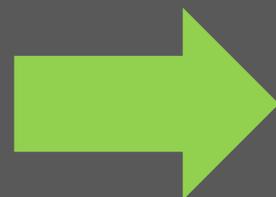

Salter Ave
to Victoria
Ave

Downtown Transitional Area

This area serves as a transition between the Riverwest neighborhood and the Downtown core. It serves multiple uses including residential, commercial and some institutional developments as well.

Your
Thoughts

Context Zones – University Avenue

Victoria Ave to Freedom Way

Downtown Core

Fast-paced area, business oriented with provision of on-street parking spaces and wider sidewalks but no dedicated cycling facilities.

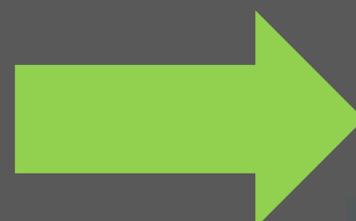

Freedom Way to McDougall Street

Institutional Area

The narrowest portion of the corridor with limited opportunities for on-street parking and presence of traffic calming treatments to facilitate pedestrian movements.

Your Thoughts

Context Zones – Victoria Avenue

Chatham Street to University Avenue

Gateway Area

Two-way local road with potential to serve as a gateway to the Downtown University Campus.

University Avenue to Park Street

Victoria Transitional Area

This area serves as a connection from the downtown core to a well established residential neighborhood.
