**ADDENDUM NO. 2
DESIGN-BUILD SALT DOME – CENTRAL AVE.
RFP NO. 76-19**

April 25, 2019

This addendum amends and forms part of the Proposal Documents. The Proponent shall insert the addendum behind the cover page of the Proposal Documents.

The companies that attended the mandatory site meeting held on April 18, 2019, were as follows:

- Storage Systems Construction
- Van Pelt Construction Inc.

QUESTION & ANSWER:

1. On Page 47 & 48, the Bid Form indicates that there is no mark-up on overhead and profit for the labour rate. Please explain?

The table on page 48 is for the labour rate with no overhead and profit. Please refer to Appendix G – Supplementary conditions section SC 3.27 GC 6.2.3. There are many methods of determining the value of a change order. If change order is determined through actual costs (by 6.2.3.3), the base labour rate will be used with the appropriate percentage markups.

CLARIFICATIONS & CHANGES:

1. The existing trailer on site will be not be provided for use by the successful proponent for the project.
2. Remove item 1.16 from Appendix “A” – Owner Statement of Requirements. (Item 1.16 indicates the Contractor shall supply and install construction fencing). Construction fencing will no longer be required, as the site is not open to the general public and is already enclosed.
3. Relocation or removal of the existing catch basin within the area of the proposed salt dome will not be the responsibility of the successful proponent.
4. The contractor must provide sufficient access to the existing fueling station during construction of the salt dome.
5. In Appendix “A” – Owner Statement of Requirements, section 1.3, the internal clear height requirement of the center of the building should be 50 feet. Section 1.3 shall be replaced as follows:

- 1.3 The structure shall be designed to provide loading and stockpiling operations with an internal clear height requirement at the center of the building of 50' ~~56'~~ (feet) from grade to the bottom of the roof truss system and a minimum of 30' (foot) vertical wall, ground to eave height. The clear height dimension shall include the concrete foundation wall.

Except for the contents of this addendum, all other terms and conditions of this proposal remain the same.

END OF ADDENDUM NO. 2

Yours truly,

THE CORPORATION OF THE CITY OF WINDSOR
