ADDENDUM NO. 7

JANITORIAL SUPPLIES
RFP NO. 192-18

February 25, 2019

This addendum amends and forms part of the Proposal Documents. The Bidder shall insert the addendum behind the cover page of the Proposal Documents.

QUESTIONS & ANSWERS:

1. Can City of Windsor provide updated usage for 2018?

Answer: The data is not available at this time.

2. Section 6.1.15 (d) states, “Wherever there is a reference to the Term in this Contract it includes the Renewal Term where renewed by the Parties or extended by the City.” Section 6.2.3 states that “Successful Proponent shall offer pricing firm against any increase for the duration of the Term”.

Can you please confirm if you are asking for pricing to be held firm for up to 5 years, if the contract is extended? Or will there be opportunity to review pricing after the initial term and after each extension?

Answer: Please refer to the specification document section 6.1.15 (c). Pricing shall remain firm for the initial term of 3 years.

Please note: Based on the language in *RFP 192-18 City of Windsor* is requesting fixed pricing beyond the industry standard of one year. We would propose that the language in section 6.1.15 *Term* be modified to be more reflective of the industry standard of 1 year fixed pricing which will allow proponents to quote at a better rate as they will not need to account for multiple year fluctuations in USD/CAD exchange rates, rapid inflation events, manufacturing/materials increases, capacity reductions, etc. Typically quoting for a longer fixed rate yields higher pricing in year 1 as a company could, for example, forecast inflation/increases at an average rate of 3% per year which would then cause a supplier to allocate a 6% increase in year 1 pricing to compensate for years 2 and 3.

Answer: Section 6.1.15 in the specification document will not be amended.

3. Will the City consider accepting soft-copy specification sheets of all alternative items prior to the evaluation of the Cost Proposals, and moving the evaluation of physical samples to after the Cost Proposal evaluation? We are making this request as the provision of the required

amount of samples is both labour-intensive and cost-prohibitive, particularly for Proponents who may not end up passing the Cost Proposal evaluation. Additionally, would the City consider requesting samples only for the high-spend items such as paper or bags rather than mop and mop handle?

Answer: Please refer to Addendum 4, Section 7.4.

4. Can you please confirm if both Appendix C and Appendix H should be included in our submission? Or will you accept only Appendix C, as both appendices appear the same except that Appendix C includes a column for Unit Price.

Answer: As stated in the specification document both Appendices "C" and "H" should be included in your submission.

5. Can you please provide the number of dispensers (paper and hand care) per location?

Answer: This information is not available at this time.

6. Can you please provide the pricing file in a workable excel format?

Answer: Please refer to Addendum 6.

7. We understand that Proponents are required to quote on 95% of items in each category to be compliant. If after product evaluation the amount of approved items is less than 95%, will Proponents have an opportunity to replace any rejected products, or will Proponents be disqualified?

Answer: Please refer to the specification document, section 8.2.1.4

8. Please detail the total yearly expenditures for the product categories included in RFP #192-18 broken out by category , Chemicals, Disposable, Hard Products, Paper.

Answer: This data is not available

SPECIFICATION REVISIONS:

Section 2- Definitions, include the following:

2.24 **"Qualification(s)"** means a modification or limitation such that the Bidder's Submission is not fully compliant with the RFP requirements, or the Contract.

Replace Appendix "C" "Cost Proposal" with revised "Appendix "C" "Cost Proposal".

Except for the contents of this addendum, all other terms and conditions of this Proposal remain the same.

END OF ADDENDUM NO. 7
