Windsor Heritage Committee Report Nos. 337, 338 & 339 (Willistead Manor, 1899 Niagara Street, Heritage Alteration: Install paths in park)**AND****Item 16-Willistead Park Path Installation****Phil Cowan, Chair of Art-in-the-Park and Janet Kelly, President Rotary Club of Windsor**

Phil Cowan, Chair of Art-in-the-Park and Janet Kelly, President Rotary Club of Windsor, appear before Council to speak in support of the proposed paths in Willistead Park, stating that the improvements would be for all to enjoy, and conclude by providing a very brief overview of Rotary’s contributions to Willistead.

Robin Easterbrook, Chair of the Windsor Heritage Committee

Robin Easterbrook, Chair of the Windsor Heritage Committee, appears before Council and is available for questions with regards to the discussion pertaining to the Windsor Heritage Committee recommendation for the Willistead Manor, 1899 Niagara Street, Heritage Alteration Application: Install paths in park.

Sara Venney

Sara Venney appears before Council to provide comment regarding the Willistead Park path installations, suggesting that the current paths are situated perfectly, and that any path widening would be short-sighted, especially if it were asphalt as it is neither attractive nor durable and can actually create accessibility issues.

Peter Angermann

Peter Angermann appears before Council to provide comment regarding the Willistead Park path installations, suggesting that the proposed 10 foot paths are not necessary and that it in essence would be a redundant mess of asphalt that is not needed.

Bruce Jamieson

Bruce Jamieson appears before Council to provide comment regarding the Willistead Park path installations, suggesting that the proposed 10 foot paths should be protested, as society values parks and green open spaces, which lead to good air quality effects.

David Hanna, resident of Ward 1

David Hanna, resident of Ward 1, appears before Council to provide comment regarding the Willistead Park path installations, requesting that Council reverse its current position on the matter and allow a new collaborative effort with affected neighbours and city residents and administration, and concludes by stating that asphalt is not an ideal option, especially as it relates to this heritage property.

Jeremy Proulx

Jeremy Proulx appears before Council to provide comment regarding the Willistead Park path installations, stating opposition to the proposal as there has been no heritage considerations entertained in coming to the current conclusions and that therefore there has been no genuine effort to demonstrate that By-law 149-2012 is not being violated by the proposed plan.

Agatha Sarafianos

Agatha Sarafianos appears before Council to provide comment regarding the Willistead Park path installations, stating emphatically that there should not be any added pathways or upgrades using asphalt.

Gerry Pouget, Save Willistead Park

Gerry Pouget, Save Willistead Park appears before Council to provide comment regarding the Willistead Park path installations, stating that Willistead is not a typical park and that it in fact is a neighbourhood destination, and concludes by suggesting that ten foot paths are not needed, as all it would do is attract skateboarders.

Howard Weeks, Save Willistead Park

Howard Weeks, Save Willistead Park appears before Council to provide comment regarding the Willistead Park path installations, noting that no one supports the proposed widened pathways, and concludes by asking questions that need answering, such as: was a heritage permit approved and issued; is it in accordance with the Official Plan; will the trees be maintained or sacrificed; will asphalt in fact produce excess heat; and will there be mechanisms in place to deal with speeding bikes/skateboarders; and suggests that at the most, 6 foot wide paths for accessibility should be permitted.

Philip Adamson

Philip Adamson appears before Council to provide comment regarding the Willistead Park path installations, suggesting that no work be done until all required studies on the matter are completed and considered.

Moved by Councillor Halberstadt, seconded by Councillor Kusmierczyk,
 That **Windsor Heritage Committee Report No. 337, 338 and 339** (Willistead Manor, 1899 Niagara Street, Heritage Alteration: Install Paths in Park) BE RECEIVED; and further,

Changes to Aquatics Activity at Windsor Water World**Gloria Marion, resident of Ward 5**

Gloria Marion, resident of Ward 5, appears before Council to speak in opposition to the recommendation to discontinue the current aquatics activities at Windsor Waterworld, as there is a demand and need for these pools, especially if Windsor is to be considered a retirement destination.

Mary Medcalf

Mary Medcalf, appears before Council to speak in opposition to the recommendation to discontinue the current aquatics activities at Windsor Waterworld, as it needs to be reminded that this was a gift to the neighbourhood from the Casino and that there has been no meaningful consultation with the neighbourhood before this recommendation was formulated, and concludes by stating it is not fair to consider this solely on the basis of current usage.

Sheila Camack

Sheila Camack, appears before Council to speak in opposition to the recommendation to discontinue the current aquatics activities at Windsor Waterworld, as at minimum, there should be repurposing possibilities worth pursuing, and that children need access to neighbourhood pools such as this one, and that a review of numbers for usage are misleading due to the unusually cold 2013/2014 winter season.

Renee Jacques

Renee Jacques appears before Council to speak in opposition to the recommendation to discontinue the current aquatics activities at Windsor Waterworld, suggesting that there have been rumours out there that the facility has been closed already and that rumours such as this have led to misleading usage numbers, as people can easily be swayed from the actual reality of the situation.

Paula Flack, resident; and son Austin

Paula Flack, resident; and son Austin, appear before Council to speak in opposition to the recommendation to discontinue the current aquatics activities at Windsor Waterworld, as the new Adventure Bay facility is currently overcrowded and that neighbourhoods do in fact need affordable pools in nearby locations and that it is not all about numbers and dollars.
