A. Sirbu succinctly provides the following highlights of the Administrator’s Report to the Committee of Management as follows:

- A second teleconference call was held on July 25, 2015 with individuals from both the Ministry of Health and Long Term Care and the IAR project. The City’s Legal Department requested the Ministry mandate the participation by Huron Lodge in writing or, that some amendments be made to the Data Sharing Agreement to address concerns, i.e. other nursing homes can view patient information. A letter was received from the LHIN on January 20, 2015, however, clear directions stipulating the City’s participation were not provided, therefore, a letter from the Legal Department has been sent with no response as of this writing.

- The Ministry of Health conducted the Resident Quality Inspection from December 16, 2014 to December 19, 2014. The four inspectors on site conducted all stages of the annual inspections commencing with the interviews of 40 residents, 25 staff and the management and residents’ council chairs as required under the Act.

- The Resident Quality Inspection resulted in the issuance of two written notifications and two voluntary correction plans.

- The Quality Improvement Plan dovetails the Strategic Plan and supports reporting requirements due to the Ministry by April 1, 2015.

- Huron Lodge received a Quality Improvement Plan from CARF to which a formal response was sent in October 2014. This allows Huron Lodge the opportunity to address partial or non conformance to standards and to enhance the dedication and commitment to the quality of life for the residents. Huron Lodge obtained a three year accreditation along with additional funding.

- The Integrated Attendance at Work Program effective January 1, 2015 formally reinstates the City established Integrated Attendance Management Policy which is based on a medical model to address absenteeism.

- Huron Lodge in conjunction with Information Technology are working towards the installation and set up of a software program (Policy/Manager) that will eventually overhaul the current manual workflow process of reviewing, updating, communicating, copying, distributing and accessing procedures to an electronic system.

Moved by Councillor Sleiman, seconded by Councillor Gignac,
That the report of the Administrator of Huron Lodge dated February 28, 2015 entitled “Administrator’s Report to the Committee of Management” relating to resident care, the Ministry of Health and Long Term Care, the Local Health Integration Network and other initiatives that impact the Long Term Care sector for the period of September 1, 2014 to February 28, 2014 **BE RECEIVED**.
