October 27, 2021
Environment, Transportation & Public Safety Standing Committee
Item 8.3 – Comment from area resident

Comments received October 27, 2021 at 1:30 p.m. via telephone from Richard Woodrich, area resident:

Mr. Woodrich indicates he is against moving the bus stop to the area in front of his home at 1382 Drouillard. The bus stop is currently in front of Jeff's Automotive. It will take away two parking spots where they park their vehicles and they can easily monitor the safety of the vehicles when parked there. Having a bus stop in front of their home will result in an increase of garbage, litter, trespassers, etc.
