Mr. David T. Roland, General Partner Deputy Assistant Secretary
Marathon Petroleum Company LP

Detroit, Michigan 48217-1294

Dear Mr. Roland:

This letter is in reference to your Permit to Install (PTI) applications, identified as Nos. 118-15 and 122-15, State Registration Number A9831. These applications were received on June 10, 2015, and June 22, 2015, respectively. Application No. 118-15 is for the proposed Tier 3 Fuels Project and Application No. 122-15 is for the proposed LPG Storage and Transfer Project. Both proposed projects are located at 1300 South Fort Street, Detroit, Michigan.

Review of your applications is complete. We have announced a public comment period as required by state and federal regulations, on the intent of the Michigan Department of Environmental Quality (MDEQ) to approve the permits. The public comment period will begin on November 18, 2015, and will end on January 6, 2016.

On January 6, 2016, an informational session and public hearing will be held in the auditorium at the River Rouge High School, River Rouge, Michigan. The informational session will be held from 6 p.m. until 7 p.m. at which time staff will be available to answer questions. The public hearing will follow at 7 p.m.

You may submit comments during the comment period and are encouraged to appear at the informational session and public hearing on behalf of your PTI applications.

After resolving any issues raised during the public comment period and/or the hearing, a final decision will be made on your permit applications.

By law, construction of the proposed processes should not begin until you receive an approved PTI. *This letter is not an approved permit to install* and only references a proposed action on your applications.

Enclosed are copies of the "Notice of Air Pollution Comment Period and Public Hearing," the "Fact Sheet," and the draft conditions regarding our analysis of your proposed projects.

Mr. David T. Roland
