Subject: Written Submission : July 22 Item 11.4 Ojibway Parkway Wildlife Crossing Ward 1

Written Submission re: July 22 Meeting of Council
Item 11.4 Ojibway Parkway Wildlife Crossing Ward 1

To: His worship, Mayor Drew Dilkens & Members of Council

Good Day Your Worship and Members of Council,

I am writing to you on behalf of The Friends of Ojibway Prairie to voice our support for the Ojibway Parkway Wildlife Crossing. Connectivity between the natural areas that make up the Ojibway Prairie Complex is crucial for wildlife, including the many species at risk that make their home within the ecosystem. We strongly support the Ojibway Prairie Wildlife Crossing as a solution that provides much needed connectivity between Black Oak Heritage Park, Ojibway Shores and the rest of the Ojibway Prairie Complex.

We would like to thank City Council and the project team for acting on community feedback and doing the necessary additional work to develop a preferred solution for an ecological overpass that spans both Ojibway Parkway and the Essex Terminal Railway. We appreciated the helpful efforts of the project team during the consultation process to explain why the preferred solution is the best approach to maximize the movement of a variety of species through this corridor while minimizing any negative risks to habitat or human safety.

Thank you as always for your support of the Ojibway Prairie Complex.

Sincerely,

Mike Fisher
President

The Friends Of Ojibway Prairie

July 19, 2024

To whom it may concern:

We are against the proposed amendments of the construction on Sixth Concession and they should stay as low profile residential as stated on RD 1 zoning category as it does not allow townhouse dwellings.

We reside on Ducharme Street for five years. We purchased this home because it was a nice quiet neighbourhood.

When they started to work on Provincial Road the traffic increased tremendously. We have school children from a nearby school who walk down these streets every nice morning and the traffic is very heavy during shift changes. Also the drivers do not adhere to traffic rules (blow through stop signs, speeding and other traffic violations.)

Other things to consider:

1. The volume of cars between two constructions sites proposed with the prospect of another 170 cars plus(3930-3950 and 4170-4190 6th Concession) and this is not considering the construction site on North Talbot Road (1095-1185).
2. Water pressure and volume
3. Sewage and ditches or floods
4. Garbage pick-ups changes coming in the near future (animals, rats and smells).
5. Other change under consideration of 991 Morand(6 more cars), 3903 Kathleen.

Would you not agree theses changes will impact this neighbourhood. Just because Ontario Bill 63 says built more house does not mean we should alter older neighborhoods by changing zoning laws to appease developers. Just because the Federal Government threatens loss of money for not doing what they want, THEY DO NOT LIVE HERE AND THEY DO NOT LIVE WITH THE CONSEQUENCES OF THESES DECISIONS.

YOU VOTED ON A MADE IN WINDSOR SOLUTION. The citizens in this neighborhood do not want these changes because we do not live in Toronto.

Sincerely,

Landon and Patricia Eldridge

P.S. We also wanted to be known that we sent e-mails to the mayor and all the councillors about this matter before and all e-mails were bounced back. PLEASE LET THEM KNOW THAT WE REJECT THESE CHANGES.

Subject: Re: Notice of Council Meeting - Item 8.17 - Approval of a Draft Plan of Subdivision and Zoning By-law Amendment for properties known as 4170 and 4190 Sixth Concession Rd; Applicant: 2863167 Ontario Inc.; File Nos. SDN-001/24 [SDN/7194] and Z-012/24 [ZNG/7]

Dear's,

As you requested, my concerns:

I will keep this letter as it relates to the residential houses who run directly along the west side of 6th concession, across from the proposed development. I/we are confident you will (if not already) have received comments from those on the east of 6th conc.

As residents on Barton Cres., we are all concerned for many reasons regarding this development plan. The following is a brief summary of some.

A- We are concerned about the visible sight lines the future tenets in the new development will have into our yards.

We have become accustomed to the privacy that we have had and are very concerned about this. I purposely purchased my home intentionally because of this.

Currently, no eyes are able to overlook our backyards.

Again, this is not just an issue for me, this is one of the topics spoken about with all residents on Barton cres.

There is not much information on the initial graphic sent out, nor during our meeting regarding any possible solutions to this issue.

B- Traffic concerns. Safety, volume, etc.

C- Possible reduction of home property values.

D- Over saturation of schools.

This is a short, quick concerns list. Many more issues still need to be addressed.

Regards,

Ahmad
