City Council Meeting
Monday, September 23, 2024
10:00 a.m., Council Chambers

21. ADJOURNMENT

Package E contains the attached written submissions to members of City Council at their meeting held September 9, 2024 regarding **Item 11.3** - Approval of a Draft Plan of Subdivision and Zoning By-law Amendment for properties known as 4170 and 4190 Sixth Concession Rd; Applicant: 2863167 Ontario Inc.; File Nos. SDN-001/24 [SDN/7194] and Z-012/24 [ZNG/7195]; Ward 9 (SCM 211/2024) & (S 71/2024) as part of the Final Consolidated Agenda.

Dear Mayor and Councillors, at your Council meeting on September 9 is the proposed development of 4170/4190 6th Concession.

I am opposed to the proposal for one very specific reason and that is 6th Concession itself.

I have lived in the 900 block of Morand St since the 1960's. 6th Concession is one block from my home and the primary road I use to access Provincial Rd, Division Rd, Cabana Rd, Walker Rd, North Talbot Rd, Hwy #3, Hwy 401 and all the various businesses and shopping centres. To say I know 6th Concession is an understatement.

While North Roseland and the neighbourhoods on both sides of 6th Concession have seen significant change since the 1960's, the one thing that hasn't changed is 6th Concession itself.

It is the same rough, single lane road with no walking path, no bike path and a deep ditch on one side.

In the past I would regularly include 6th Concession in my nightly walk.

Today, with the high volume of traffic, I don't risk walking on 6th Concession unless it's a necessity.

I contend that the proposal for 4170/4190 6th Concession has nothing to do with housing, with Windsor's housing crisis, or with the development and improvement of Windsor.

It is about and only about 6th Concession.

6th Concession cannot handle the additional burden of this proposal, let alone the two other proposals which will appear before you in the future (Masotti, Habib).

Until 6th Concession is improved, the wise decision would be to put all development of 6th Concession on hold.

Have you spent any time observing automobile traffic on 6th Concession?

I mean really observing it?

Have you parked your car or pulled out a chair and sat at Morand/6th Concession, Ducharme/6th Concession, Scofield/6th Concession, Wallace/6th Concession, or Holburn and 6th Concession?

Not for 10 minutes but a few hours?

Have you tried to cross 6th Concession on foot?

If not you are making a decision without truly understanding the situation.

I cannot fathom the increase in traffic and potential accidents that we'll be facing if this proposed development is allowed as well as the Masotti and Habib proposals.

Because we all know 4170/4190 6th Concession is the linchpin in this scenario and the other two developers are waiting to see what you decide.

So I ask you not to fall for the argument that this proposal is only about providing needed housing for Windsor.

First and foremost, this is about 6th Concession, a beat up old road that is already over burdened and at this time cannot handle the traffic from this proposed development.

Thank you for your time,

Annemarie Toldo

To whom this may concern,

I am a resident on Spago Cres., where the proposed townhouses are to be built on the properties 4170 and 4190 Sixth Concession. My husband and I strongly oppose the building of these townhouses for a number of reasons;

1. The area isn't big enough to build for 5 buildings and 27 dwellings.
2. This area is already densely populated with the with all the recently new builds plus the addition of the condominiums off Walker Rd and Ducharme.
3. My children attend Talbot Trail Public School. That school is newer but already has 7 portables and over 1000 children attending, what will happen to the children (each family as min 2 children) of these new condos and townhouses? Will new school zoning be needed?
4. Sewage and storm drainage issue. There has been so many new homes in the area, the ground is no longer able to absorb as much as it use to plus more families in the area will strain the sewage system and possibly cause more issues in the future.
5. Traffic. Yes Spago is a side street and not as busy as Ducharme but with 27 new dwellings there could be an increase of 54 vehicles if each family has 2 cars, where are these cars going to park? Our street is full daily! Secondly, we picked this area because the streets are quiet and we felt it was safer for our kids to grow up on, now with these new townhouses, traffic on our street with increase.
6. These townhouses will not be affordable housing! The houses in this area easily go for \$500,000, the new condos cost just as much! If the company wants to "fit in", they will definately NOT be affordable.

I am not against building new houses as many new ones have gone up in the last few years but putting 27 dwellings in an area where there use to be 2 properties is crazy and it's like packing people in like Sardines! Please reconsider what you are proposing to do here, it does not make sense!

Thank you for your time

Lisa Quan

Hello

I am a resident at [REDACTED] I could not attend today's meeting as I am currently away on vacation.

I want to document my objections to building the condominium complex behind our property. We bought this 1.1 million upper end property because of its current quiet location and the builder stated those plots behind were slated for even bigger sized upper end independent houses.

Undoubtedly, we were shocked to hear the proposition for a condominium complex behind our house. This will significantly reduce the value of our property. We moved from one street over at Rockport St to this location last year just for its quieter location. We would never have bought this property at peak prices had the builder disclosed such plans. That is not fair business practice and we will suffer from significant loss in our property values.

The overall area will also take a significant hit due to being congested and with increased noise pollution and traffic. This will take a toll on the environment also.

We find this proposition unacceptable on many levels. So please consider the petition that we have filed to not move forward with this proposition.

Thank you

Afifa Rahman
