## 15. NOTICES OF MOTION

Moved by: Councillor Kieran McKenzie

Seconded by: Councillor Fabio Costante

Decision Number: CR33/2025

That given the need for the City of Windsor to have autonomy to create a transportation network that meets the needs of our community; and,

Since unwarranted meddling and unnecessary oversight from Bureaucrats and Politicians at Queen's Park in developing and implementing transportation infrastructure at the municipal level, during a period of unprecedented local growth increases red tape causing administrative delays and adds financial burden reducing municipal capacity to address other pressing issues in our community; and,

Recognizing that the City, its residents, administrators and locally elected officials understand our community, its needs, its culture and strategic direction far better than people working in Queen's Park and must therefore must continue to be empowered to make decisions that respond to local needs and priorities; and,

Understanding that Active Transportation infrastructure has the dual benefit of reducing traffic congestion and improving road safety for drivers, pedestrians and cyclists alike;

That Council **DIRECT** Administration, for the reasons cited above, to express to the Government of Ontario, on its behalf, its opposition to the measures outlined in Bill 212, the so-called Reducing Gridlock and Saving You Time Act with a specific emphasis on any measure that would curtail Municipal Authority to design and implement transportation infrastructure within the City of Windsor. Asks that Administration report to Council regarding adding the parking fine dollar amount to parking enforcement information signs showing the drivers the amount of the fine to be imposed if they violate the parking by-law at this location. Likely just a sticker to be attached to the sign would be proactive, sufficient, and cost effective.  
Carried.
