

BROWNFIELDS PROPERTY TAX ASSISTANCE / REHABILITATION GRANT PROGRAM GUIDE

1) Program Description

The intent of the **Brownfields Property Tax Assistance Program** is to provide a financial incentive in the form of a freeze of city property taxes and education property taxes for up to 3 years during and after the remediation and redevelopment of a brownfield property to help offset the costs of environmental remediation.

The intent of the **Brownfields Rehabilitation Grant Program** is to provide a financial incentive in the form of an annual grant for up to 10 years after the remediation and redevelopment of a brownfield property to help offset the costs of environmental remediation, rehabilitation, adaptive re-use and redevelopment.

Application can be made for the Property Tax Assistance Program, the Rehabilitation Grant Program, or both programs using the Brownfields Property Tax Assistance/Rehabilitation Grant Application Form. If approved for both programs, the annual grant available under the Rehabilitation Grant Program will commence once the tax assistance under the Tax Assistance Program ends.

Also, applicants with an approved Rehabilitation Grant have the option of applying their approved environmental assessment, remediation, and risk assessment costs against development charges payable (up to 60% of development charges payable) at the time of building permit issuance, after any development charge credits for demolished space have been applied.

2) What types of properties are eligible for the Brownfields Property Tax Assistance Program and the Brownfields Rehabilitation Grant Program?

The purpose of both programs is to encourage the environmental remediation, rehabilitation, adaptive re-use and redevelopment of brownfield properties. Therefore, only properties where environmental remediation and/or risk assessment/management is required to permit the proposed use and projects that result in an increase in property assessment and property taxes will be eligible for funding under either of the programs.

3) Who can apply?

Only owners of properties within the urban area of the City of Windsor may apply.. The attached application form should be used to apply for the Brownfields Property Tax Assistance Program and/or the Rehabilitation Grant Program.

4) What costs are eligible for tax assistance under the Tax Assistance Program?

“Eligible costs” for the Tax Assistance Program are the costs of any action taken to reduce the concentration of contaminants on, in or under the property to permit a record of site condition (RSC) to be filed in the Environmental Site Registry under Section 168.4 of the *Environmental Protection Act*. This includes the costs of:

- a) Phase II ESAs, Designated Substances and Hazardous Materials Surveys, Remedial Work Plans, and Risk Assessment/Risk Management Plans not covered by the Environmental Site Assessment Grant Program;
- b) environmental remediation, including the costs of preparing a record of site condition (RSC);

The total amount of tax assistance provided equals the difference between property taxes at their frozen level and property taxes that would have been collected had the taxes on the property not been frozen. In no case will the total amount of tax assistance provided for an eligible property exceed the total eligible program costs as noted in 4) above.

The Rehabilitation Grant can be assigned by the property owner to the new property owner at the time of the sale or transfer, or the grant can be retained by the property owner, subject to approval of the City.

10) How do I apply my environmental assessment, remediation, and risk assessment program component costs approved under the Rehabilitation Grant Program against development charges payable?

Cost items 6b)-6g) are eligible for the Brownfields Development Charge Exemption Program. Once you have an approved Rehabilitation Grant application and agreement, you may apply the total of cost items 6b)-6g) against City development charges payable up to a 60% reduction of City development charges payable. If you wish to exercise this option, you must check the appropriate box in the attached application form. If you exercise this option, the total of cost items 6b)-6g) applied against City development charges payable (development charges exempted) will be deducted from the Brownfields Rehabilitation Grant to be paid to you. If your project achieves land use compatibility goals supported by the City's Official Plan, the inclusion of smart growth principles, and LEED certification, the cost of remediation applied against the development charges payable (development charges exempted) will not be deducted from the Brownfields Rehabilitation Grant to be paid.

11) Is there a fee to apply?

BROWNFIELDS PROPERTY TAX ASSISTANCE / REHABILITATION GRANT PROGRAM GUIDE

- When the Tax Assistance period ends, the Rehabilitation Grant period will begin. At this time, the City will begin collecting the increased city and education property taxes that result from the rehabilitation/redevelopment project. Each year, once the property owner has paid property taxes in full for that year, the City will issue a grant payment to you or your assignee in the form of a cheque equivalent to the applicable percentage increase in city property taxes depending on the level of LEED certification. These grant payments will be issued to you or your assignee for up to 10 years or up to the time when total grant payments equal total eligible program costs, whichever comes first.
