1. RECOMMENDATION:

That the Consent application of 2187583 Ontario Ltd. for the conveyance of part of the subject lands, legally described as Plan 1119; Block D, municipally known as 2275 Wellesley Avenue, for the creation of a new lot as shown on the drawing attached to the application **BE GRANTED** with the following conditions:

- I. Abandon any existing redundant services as per BP1.3.3 and to the satisfaction of the City Engineer.¹

¹For questions regarding Engineering conditions, please contact Sandy Mio at smio@citywindsor.ca

²For questions regarding Forestry conditions, please contact Marc Edwards at medwards@citywindsor.ca

Note: Severance conditions must be fulfilled after the consent has been granted. If the conditions are not satisfied within the required timeline, the application is deemed to be null and void. A new Committee of Adjustment application will be required for any expired decision order.

2. THE REQUESTED CONSENT:

Land conveyance of part of the subject land, 2275 Wellesley Avenue, as shown on the attached drawing, for the purpose of creating a new lot.

3. PLANNING ANALYSIS:

The subject property consists of Plan 1119; Block D, also municipally known as 2275 Wellesley Avenue. The applicant is seeking severance to create a new lot for the future development of Townhome Dwellings while retaining a portion of the lot for the continued use of existing Townhome Dwellings. The subject land is designated Residential in the Official Plan. The proposed use of both the retained and severed lots are Residential. The retained lot does not comply with the minimum rear yard depth requirement, and the severed lot does not comply with the maximum lot coverage and maximum front yard paving requirements of Zoning By-law 8600. Therefore, this request is being concurrently made with the submission of a Minor Variance Application (A-053/26).

PLANNING ACT

Subsection 53(1) of the Planning Act gives council the authority to grant consent if satisfied that a plan of subdivision of land is not necessary for the proper and orderly development of the municipality. Council for the Corporation of the City of Windsor has delegated its consent authority to the Committee of Adjustment of the City of Windsor in accordance with Section 54(5) of the Planning Act.

Subsection 51(25) of the Planning Act allows the approval authority to impose such conditions to the approval of an application as it considers reasonable having regard to the nature of the development proposed.

PROVINCIAL PLANNING STATEMENT (PPS) 2024

Planning Staff has reviewed the relevant policies of the PPS - “Building Homes, Sustaining Strong and Competitive Communities” (Policy statement 2.2.1.b of the PPS). The requested consent is consistent with these policies permitting and facilitating all housing options required to meet the social, health, economic, and well-being requirements of current and future residents.

OFFICIAL PLAN (OP)

The Consent Policies, Section 11.4.3 of the Official Plan provide evaluation criteria and conditions of approval for consent applications. Appendix “A” attached herein shows the Consent Policies 11.4.3.

This consent is for the creation of a new lot, which represents an appropriate consent per Section 11.4.3.2(a).

The severed and retained lots have access to a public highway paved with a hard surface and are serviced by municipal sanitary and storm services, complying with sections 11.4.3.4 and 11.4.3.5.

This consent satisfies the evaluation criteria in Section 11.4.3.6 for continuation of an orderly development pattern.

The subject property is designated Residential under the City of Windsor Official Plan. The proposed development maintains the same use and conforms to the associated objectives and policies; therefore, the requested consent meets the general intent and purpose of the Official Plan.

Section 11.4.3.7 of the Official Plan states that the Committee of Adjustment may attach conditions as deemed appropriate to the approval of a consent. Therefore, the applicant is required to complete the conditions noted in Section 1 of this report to the satisfaction of the City Engineer and the City Forester.

ZONING BY-LAW

The subject land is zoned Residential District 2.3 (RD2.3) with site specific provisions S20(1)257 and S(1)520 per Windsor's Zoning By-law 8600. This application is submitted concurrently with a Minor Variance Application (A-053/26) seeking relief for reduced minimum rear yard depth for the retained lot and increased maximum lot coverage and increased maximum front yard paving for the severed lot.

4. PLANNER'S OPINION:

This consent application is consistent with the Planning Act and Provincial Planning Statement 2024 and represents good planning. The requested Consent complies with the Official Plan and Zoning By-law 8600. The Planning Division recommends the approval of the applicant's request for consent with the conditions noted in the recommendation.

The consent process will be used for matters such as granting easements and rights of way, leases or other interests in land lasting in excess of 21 years or lot line adjustments. MUNICIPAL SERVICES	11.4.3.5	All new lots created by consent shall be serviced by municipal sanitary sewer and water services and provide for stormwater management.
EVALUATION CRITERIA	11.4.3.6	Without limiting the relevant provisions of the Planning Act, the approval authority shall evaluate applications for consent in the same manner as an application for plan of subdivision, including; Provincial legislation, provincial policies and applicable provincial guidelines; Conformity with the policies of this Plan, Volume II: Secondary Plans and Special Policy Areas and other relevant municipal standards and guidelines; Conformity with the recommendations of any support studies prepared as part of the application; The continuation of an orderly development pattern and the lot pattern in the neighbourhood; Impact of the development on adjacent properties and the lot pattern and density in the community; and The requirements or comments of Municipal departments and public agencies or authorities.
CONDITIONS OF APPROVAL	11.4.3.7	The approval authority may attach such conditions as it deems appropriate to the approval of a consent. Such conditions may include, but are not limited to, the following: The fulfillment of any financial requirement to the City; The conveyance of lands for public open space purposes or payments-in-lieu thereof in accordance with the Open Space policies of this Plan; The conveyance of lands for public highways or widenings as may be required; The conveyance of appropriate easements; The provision of municipal infrastructure or other services; The completion of a development or servicing agreement with the City if required; and Other such matters as the approval authority considers necessary and/or appropriate.

Heritage Planner, Planning and Build

There is no apparent built heritage concern with this property, and it is not located within an Archaeological Potential Zone (APZ). Nevertheless, the Applicant should be notified of the following archaeological precaution.

1. Should archaeological resources be found during grading, construction or soil removal activities, all work in the area must stop immediately and the City's Planning & Development Services Department, the City's Manager of Culture and Events, and the Ontario Ministry of Citizenship and Multiculturalism must be notified and confirm satisfaction of any archaeological requirements before work can recommence.
2. In the event that human remains are encountered during grading, construction or soil removal activities, all work in that area must be stopped immediately and the site secured. The local police or coroner must be contacted to determine whether or not the skeletal remains are human, and whether the remains constitute a part of a crime scene. The Local police or coroner will then notify the Ontario Ministry of Citizenship and Multiculturalism and the Registrar at the Ministry of Government and Consumer Services if needed, and notification and satisfactory confirmation be given by the Ministry of Citizenship and Multiculturalism.

The Windsor Police Service has no concerns or objections with any of the applications listed in this agenda. In reviewing them, all are relatively minor in terms of their potential impact to public safety, security, or public disorder. None of the applications to be considered are therefore anticipated to create outcomes that will negatively impact the ability of the Windsor Police Service to provide proper and adequate response to incidents, whether emergency or non-emergency in nature, and other service delivery requirements.
