*Note: Severance conditions must be fulfilled within TWO (2) years after consent has been granted. If a condition is not satisfied within required timeline, the application is deemed to be null and void. A new Committee of Adjustment application will be required for any expired application.*

**2. THE REQUESTED LAND SEVERANCE:**

Land conveyance of part of the subject land, as shown on the attached drawing, for the purpose of creating a new lot.

**3. PLANNING ANALYSIS:**

The subject property, identified as Con. 3, Pt Lots 105 and 106, is currently vacant. There are no existing easements on the property. The applicant is seeking severance to create a new lot as shown on the attached drawing.

As per the Official Plan, the subject land is designated as a Business Park. Both the severed and retained lots are compliant with Zoning Bylaw 8600.

**PLANNING ACT**

Subsection 53(1) of the Planning Act gives council the authority to grant consent if satisfied that a plan of subdivision of land is not necessary for the proper and orderly development of the municipality. Council for the Corporation of the City of Windsor has delegated its consent authority to the Committee of Adjustment of the City of Windsor.

Subsection 51(25) of the Planning Act allows the approval authority to impose such conditions to the approval of an application as it considers reasonable having regard to the nature of the development proposed.

**PROVINCIAL POLICY STATEMENT (PPS) 2020**

The Planning Staff has reviewed the relevant policies of the PPS - “*Building Homes, Sustaining Strong and Competitive Communities*” (Policy statement 2.2.1. of the PPS). The requested minor variance is consistent with these policies permitting and facilitating housing options required to meet the social, health, economic, and well-being requirements of residents while efficiently utilizing land, resources, and infrastructure.

**OFFICIAL PLAN (OP)**

The Consent Policies, Section 11.4.3 of the Official Plan provide evaluation criteria and conditions of approval for consent applications. Appendix “A” attached herein shows the Consent Policies 11.4.3.

This consent to sever application is for creating a new lot, representing an appropriate consent per Section 11.4.3.2(a).

The severed and retained lots have access to a public highway paved with a hard surface and are serviced by municipal sanitary and storm services, complying with sections Section 11.4.3.4 and 11.4.3.5.

This consent satisfies the evaluation criteria in Section 11.4.3.6 for continuation of an orderly development pattern.

Section 11.4.3.7 of the Official Plan states that the Committee of Adjustment may attach conditions as deemed appropriate to the approval of a consent.

**ZONING BY-LAW 8600**

The subject land is zoned as Manufacturing District 1.5 (MD1.5) permitting a number of manufacturing uses. No minor variance application is required as a result of severing the property to create a new lot.

**4. PLANNER'S OPINION:**

The requested consent complies with the Official Plan and Zoning By-law 8600. This consent application is consistent with the Planning Act and Provincial Policy Statement and represents good planning. The Planning Division in consultation with Engineering recommends approval of the applicant's request with conditions.

**PLANNING DEPARTMENT - ZONING**

No variances are required.

*Conner O'Rourke – Zoning Coordinator*

**PUBLIC WORKS DEPARTMENT - ENGINEERING AND GEOMATICS**

A site servicing drawing is required to determine the location of existing services, as individual connections are required for each lot. Any redundant connections to the retained property are to be abandoned as per BP 1.3.3. A Right-of-way permit is required to remove the driveway approach and restore the Right of Way to City Standards.

This department has no objections to the proposed application, subject to the following conditions:

1. Provide Site Servicing drawings for the overall property, outlining all existing services.
2. Abandon any existing redundant services as per BP1.3.3 and to the satisfaction of the City Engineer.
3. Obtain Right-of-Way permits for any work within the right-of-way

*Andrew Boroski – Technologist*

**PUBLIC WORKS DEPARTMENT - TRANSPORTATION PLANNING**

Transportation Planning has no comments.

*Elara Mehrilou - Transportation Planner*

**FORESTRY**

There are 2 City owned trees on this property.

Forestry has no concerns at this time, regarding creating a new lot. However, for any future development plans, a tree inventory and tree preservation plan may be requested during the Approval/Site plan process.

*Marc Edwards – Supervisor, Forestry*

**NATURAL AREAS**

No comments or concerns with the creation of a new lot.

Future developments must regard general protections for Natural Heritage:

1. Should Species at Risk or their habitat be found at any time on or adjacent to the site, cease activity immediately and contact MECP at [SAROntario@ontario.ca](mailto:SAROntario@ontario.ca) for recommendations on next steps to prevent contravention of the Endangered Species Act (2007). The City of Windsor SAR hotline (519-816-5352) can also be used for relevant questions and concerns.
2. For a list of Species at Risk and other provincially tracked species with potential to be around the site, use the Natural Heritage Information Centre (NHIC) Make A Map tool, found at [https://www.lioapplications.lrc.gov.on.ca/Natural\\_Heritage/index.html?viewer=Natural\\_Heritage.Natural\\_Heritage&locale=en-CA](https://www.lioapplications.lrc.gov.on.ca/Natural_Heritage/index.html?viewer=Natural_Heritage.Natural_Heritage&locale=en-CA)
3. If trees or other vegetation (i.e., shrubs and unmaintained grasses) on/adjacent to the site are to be removed, damaged, or disturbed during the breeding bird season (April 1 – August 31), then sweeps

for nesting birds should be conducted to prevent contravention of Migratory Bird Regulations (2022), the Migratory Birds Convention Act (1992), and section 7 of the Fish and Wildlife Conservation Act (1997). Visit <https://www.canada.ca/en/environment-climate-change/services/avoiding-harm-migratory-birds/reduce-risk-migratory-birds.html> for more information.

4. Beaver dams and dens of fur-bearing mammals are protected under section 8 of the Fish and Wildlife Conservation Act (1997) and are not to be damaged or destroyed without the proper authorization and/or license.
5. The City of Windsor is a Bird Friendly City. Bird Friendly Design is encouraged. Bird Friendly Design Guidelines are available from the City of Toronto (<https://www.toronto.ca/city-government/planning-development/official-plan-guidelines/design-guidelines/bird-friendly-guidelines/>).

### **HERITAGE PLANNING**

#### **Heritage**

There is no apparent built heritage concern with this property.

#### **Archeology**

The subject property is located within the Archaeological Potential Zone (as per the recently adopted Windsor Archaeological Management Plan, 2024; OPA 181; and updated 2024 archaeological potential model OP Volume I Schedule C-1). However, the subject property is not within an Archaeologically Sensitive Area (ASA). Thus, an archaeological assessment is not requested at this time. Nevertheless, the Applicant should be notified of the following archaeological precaution.

1. Should archaeological resources be found during grading, construction or soil removal activities, all work in the area must stop immediately and the City's Planning & Building Department, the City's Manager of Culture and Events, and the Ontario Ministry of Citizenship and Multiculturalism must be notified and confirm satisfaction of any archaeological requirements before work can recommence.
2. In the event that human remains are encountered during grading, construction or soil removal activities, all work in that area must be stopped immediately and the site secured. The local police or coroner must be contacted to determine whether or not the skeletal remains are human, and whether the remains constitute a part of a crime scene. The Local police or coroner will then notify the Ontario Ministry of Citizenship and Multiculturalism and the Registrar at the Ministry of Government and Consumer Services if needed, and notification and satisfactory confirmation be given by the Ministry of Citizenship and Multiculturalism.
