The applicant proposes to sever the property, retaining part of it for the continued use of the existing Single Unit Dwelling, and creating a new vacant lot for future development. The subject property has an Official Plan Land Use Designation of Residential. The requested severance complies with Windsor's Zoning By-law 8600.

PLANNING ACT

Subsection 53(1) of the Planning Act gives council the authority to grant consent if satisfied that a plan of subdivision of land is not necessary for the proper and orderly development of the municipality. Council for the Corporation of the City of Windsor has delegated its consent authority to the Committee of Adjustment of the City of Windsor in accordance with Section 54(5) of the Planning Act.

Subsection 51(25) of the Planning Act allows the approval authority to impose such conditions to the approval of an application as it considers reasonable having regard to the nature of the development proposed.

PROVINCIAL PLANNING STATEMENT (PPS) 2024

Planning Staff have reviewed the relevant policies of the PPS - "Building Homes, Sustaining Strong and Competitive Communities" (Policy statement 2.2.1.b of the PPS). The requested consent is consistent with these policies permitting and facilitating all housing options required to meet the social, health, economic, and well-being requirements of current and future residents.

OFFICIAL PLAN (OP)

The Consent Policies, Section 11.4.3 of the Official Plan provide evaluation criteria and conditions of approval for consent applications. Appendix "A" attached herein shows the Consent Policies 11.4.3.

This consent is for the creation of a new lot, which represents an appropriate consent per Section 11.4.3.2(a).

The subject property is designated Residential under the City of Windsor Official Plan. The proposed development maintains the same use and conforms to the associated objectives and policies; therefore, the requested consent meets the general intent and purpose of the Official Plan and complies with section 11.4.3.3.

The severed and retained lots have access to a public highway paved with a hard surface and are serviced by municipal sanitary and storm services, complying with sections 11.4.3.4 and 11.4.3.5.

This consent satisfies the evaluation criteria in Section 11.4.3.6 for continuation of an orderly development pattern.

Section 11.4.3.7 of the Official Plan states that the Committee of Adjustment may attach conditions as deemed appropriate to the approval of a consent; therefore, the applicant is required to complete the condition noted in Section 1 of this report to the satisfaction of the City Engineer.

ZONING BY-LAW

The subject land is zoned Residential District 1.1 (RD1.1) per Windsor's Zoning By-law 8600. The requested consent complies with Windsor's Zoning By-law.

4. PLANNER'S OPINION:

This consent application is consistent with the Planning Act and Provincial Planning Statement 2024 and represents good planning. The requested Consent complies with the Official Plan and Zoning By-law 8600. The Planning Division recommends the approval of the applicant's request for consent with the condition noted in Section 1.

Windsor Police Service

The Windsor Police Service has no concerns or objections with any of the remaining applications listed in this agenda. In reviewing them, all are relatively minor in terms of their potential impact to public safety, security, or public disorder. None of the applications to be considered are therefore anticipated to create outcomes that will negatively impact the ability of the Windsor Police Service to provide proper and adequate response to incidents, whether emergency or non-emergency in nature, and other service delivery requirements.

Environmental Policy

Environmental Policy staff have no objection to the proposal, and nothing further is required at this time. To maintain high regard for Natural Heritage in the City during development, the following applies:

1. Should a Protected Species or their habitat be found at any time on or adjacent to the site, cease activity immediately and refer to the Species Conservation Act (2025) (SCA). The SCA is administered by the MECP. SAR biologists can be contacted at SAROntario@ontario.ca and may provide recommendations on next steps to prevent contravention of the SCA. The City of Windsor SAR hotline (519-816-5352) can also be used for relevant questions and concerns.
2. For a list of Protected Species and other provincially tracked species with potential to be around the site, use the Natural Heritage Information Centre (NHIC) Make A Map tool, found at <https://www.ontario.ca/page/make-natural-heritage-area-map>
3. Active nests of most bird species are protected under the Migratory Birds Convention Act (1994), the Fish and Wildlife Conservation Act (1997), and/or the Species Conservation Act (2025). If trees, shrubs or ground area on/adjacent to the site are to be removed, damaged, or disturbed during the breeding bird season (April 1 – August 31), then sweeps for nesting birds should be conducted to prevent contravention of these regulations. Protect any trees, shrub or ground area where an active nest is found and leave the nest unharmed until the young have permanently left the vicinity of the nest. Visit <https://www.canada.ca/en/environment-climate-change/services/avoiding-harm-migratory-birds/reduce-risk-migratory-birds.html> for more information.
4. Beaver dams and dens of fur-bearing mammals are protected under section 8 of the Fish and Wildlife Conservation Act (1997) and are not to be damaged or destroyed without the proper authorization and/or license.
5. The City of Windsor is a Bird Friendly City. Bird Friendly Design is encouraged, particularly window collision mitigation. Options for integrating bird friendly design can be found here: www.birdsafe.ca and bird friendly guidelines can be found here: Bird-Friendly Guidelines – City of Toronto.
6. Ontario has a list of Regulated Species in the Ontario Invasive Species Act (ISA) (2015). If any species on this list are identified on site, it is recommended that Best Management Practices be followed to

remove the invasive species from the site prior to starting development activities. If guidance is required, report the occurrence to the City Naturalist. For a list of ISA Regulated species: Ontario Invasive Species Act – Invasive Species Centre.
