BACKGROUND

WHERE WE STARTED

The City of Windsor is the Consolidated Municipal Service Manager (CMSM) for Children's Services in Windsor and Essex County. As the CMSM, the City of Windsor, Children's Services is responsible for planning and managing licensed child care services in the region, ensuring an increasingly integrated, high-quality child care and early years system that is governed and funded by the Ministry of Education.

The Children's Services sector has a strong focus on moving toward an increasingly integrated system of services for families and children. The Windsor-Essex Child Care and Early Years Service System Plan 2020-2025 (Service System Plan) was developed based on community needs that were determined through extensive consultations with more than 4,000 individuals. The Service System Plan had constructed the community priorities around the <u>Four Components</u> <u>of Ontario's Vision:</u>

Four Components of Ontario's Vision for Child Care and Early Years					
Accessibility	Responsiveness	Affordability	High-Quality		

In line with Ontario's Vision for child care and the early years, **The Windsor-Essex County Children and Youth Planning Committee (CYPC)*** identified in the Service System Plan priorities for child care and early years in Windsor-Essex:

- Access to services
- System coordination
- Focus on services for children with special needs

CANADA-WIDE EARLY LEARNING AND CHILD CARE SYSTEM (CWELCC)

On March 28, 2022, the Government of Canada and Province of Ontario signed the Canada-Wide Early Learning and Child Care (CWELCC) Agreement. Under this agreement, Ontario received \$13.2 billion dollars over six years (beginning in 2021-2022).

Ontario plans to support the creation of 86,000 new CWELCC licensed child care spaces for children 0-5 years of age, across the Province, by the end of 2026. Ontario will focus on creating affordable child care spaces in communities with populations that need them the most. This Directed Growth approach will support space creation in underserved areas of the Province.

The Government of Canada had identified *child care as a national priority* to enhance early learning and childhood development, support workforce participation and contribute to economic recovery.

The CWELCC System has two components:

- Fee reduction for parental child care fees
- Workforce compensation for those working in child care and early years program

"Ontario's Inclusion The Access and Framework 2023" states that child care is early childhood foundational to supporting development, learning, well-being, and student success. Quality child care experiences provide lifelong benefits to children, and are a key enabler of workforce participation, particularly for women. The Ontario government is committed to providing access to high-quality, affordable child care to as many families as possible. Currently, children are supported by a system of early learning and child care that is offered in a variety of communitybased settings and in publicly funded schools to support seamless access and experiences for all Ontario families.

CANADA-WIDE EARLY LEARNING AND CHILD CARE SYSTEM (CWELCC)

Funding under CWELCC is to be used to build and leverage the success of Ontario's existing early learning and child care system by increasing **quality**, **accessibility**, **affordability**, **and inclusivity**, by achieving the following objectives of:

- Providing 25% fee reduction retroactive to April 1, 2022, building to a 50% reduction in average parent costs (based on 2020 levels) for licensed early learning and child care by the end of calendar year 2022
- Reaching an average fee of \$10 a day by 2025-2026 for licensed child care spaces;
- Creating 86,000 new high-quality, affordable licensed child care spaces (relative to 2019 levels), predominantly through not-for-profit licensed child care;
- Addressing barriers to provide inclusive child care; and
- Valuing the early workforce and providing them with training and development opportunities

Ontario's Child Care Vision

CWELCC System: where more families in Ontario have access to high quality, affordable, flexible, and inclusive early learning and <u>child care</u> throughout the province.

Ontario has developed an Action Plan with **five key pillars** to achieve this vision:

A Chester

Affordability: Ontario commits to reduce parent fees for CWELCC spaces for children under age 6 by an average of 50% from 2020 levels by the end of December 2022. Ontario commits to reduce parent fees for full-time CWELCC spaces for children under age 6 to an average of \$10 per day by the end of fiscal year 2025 to 2026

Access: Ontario commits to increase the net number of licensed child care spaces for children under age 6 to support the creation of 76,700 spaces (from 2019 levels) by March 31, 2026, and 86,000 child care spaces (from 2019 levels) by December 31, 2026

Inclusive: Ontario commits to develop and fund a plan that supports access to licensed child care spaces for vulnerable children and children from diverse populations, including, but not limited to, children living in low income families, children with disabilities and children needing enhanced or individual supports, Indigenous children, Black and other racialized children, children of newcomers to Canada, and official language minorities. Ontario will engage with a broad range of partners to develop a plan

Data sharing and reporting: Ontario commits to share financial and administrative data (including micro data) needed to monitor progress in establishing the Canada-wide system

WORKFORCE: RECRUITMENT & RETENTION

In August 2021, Canada and Ontario signed a new Early Childhood Workforce Funding Agreement, which was to provide \$149.9M in a one-time federal funding to support the retention and recruitment of a high-quality child care and early years workforce.

This additional federal funding was intended to **sustain**, **enhance**, **grow**, **and attract** staff into the child care and early years workforce. Under the agreement with the federal government, the Ministry of Education was able to allocate the funding over two fiscal years (2021-2022 and 2022-2023). This approach provided for flexible, multi-faceted strategies that recognizes the importance of not only recruiting new individuals into the profession, but also retaining, supporting and recognizing the existing child care and early years workforce.

GOALS

SUSTAIN the existing child care and early years workforce to ensure a more stable and highquality early years and child care system

ATTRACT and support the development of an increasingly diverse workforce to more effectively reflect the children & families accessing child care and early years programs

WORKFORCE: RECRUITMENT & RETENTION

In our community, the City of Windsor, Children's Services used a multi-pronged approach with the Workforce Strategy to reach the identified goals, with intention to create foundational opportunities to continue this work. Strategies were developed based on community feedback through surveys and network meetings. All child care agencies, EarlyON Child and Family Centre (CFC) operators, Special Needs Resourcing agencies, School Boards and Early Childhood Educators (ECEs) providing direct service to children and families, had the opportunity to participate and provide feedback.

Windsor-Essex Registered Early Childhood Educators (WERECE) Campaign

The WERECE Campaign was developed locally to support the recruitment and retention of the Child Care and Early Years Workforce. The demand for ECEs is extremely high, as we constantly hear from child care providers and EarlyON CFC agencies about staffing shortages in our community. The Ministry of Education allowed flexibility for the delivery of the Workforce initiative by encouraging innovative partnerships, creative ideas and opportunities to engage the community. The goal of our campaign is to empower, engage and enhance ECEs in order to create a robust, quality system, connected to the community, supporting children and families.

Windsor Mayor Drew Dilkens and Commissioner Andrew Daher joined The City of Windsor, Children's Services to support the WERECE Campaign press conference held March 16, 2023.

Children's Services is leading an innovative and robust Early Childhood Educator workforce campaign which involves paid professional learning, mentorship programs, community partnerships, recruitment and retention strategies, and foundational initiatives that will continue in our community.

WERECE CAMPAIGN HIGHLIGHTS

- Promotion and marketing of the ECE profession and the range of career options available
- Encourage approaches that are rooted in evidence-based adult learning models while ensuring linkages to How Does Learning Happen? (Ontario's Pedagogy for the Early Years)
- Develop long lasting partnerships with the Community Colleges to support success in transitioning graduates into the field of ECE
- Assist new students with resources and supports to equip them for success in the field
- Understanding the needs of the new graduates of the field to better serve the child care and early years community

The WERECE Campaign is focused on empowering, engaging and enhancing the early childhood educator (ECE) workforce across our region. The first five years are critical to the development of a child; as ECEs we nurture their development and growth through guided play and self discovery, giving them the tools they'll need for success in everything they'll do. The campaign serves to highlight that registered ECEs are **qualified, creative, dedicated, and in demand**.

Our new website, **eceresumes.ca** has been launched that highlights a resume repository!

This website will assist Registered Early Childhood Educators and others looking to enter the child care and early years workforce in Windsor-Essex.

The resume repository allows individuals to create an account profile and upload their resume. Individuals can make their resume/profile visible to child care and early years program operators to be considered for available positions. Individual profiles contain detailed information about each candidate, such as qualifications, experience, specialization, hours of availability and more. The website not only contains job postings but also includes resources such as a resume builder tool and tips for interviewing. There are also linkages for ongoing education and professional development to enhance an individuals ECE portfolio.

Windsor-Essex Registered Early Childhood Educators (WERECE) is the name of Windsor-Essex's Workforce Strategy for child care and early years. In Windsor-Essex we are using a multi-pronged approach with the Workforce Strategy to achieve the best possible results for our community.

KON: KNOWING OUR NUMBERS 2023

The City of Windsor, Children's Services is one of many CMSM's that are participating in KON "Knowing our Numbers"- A community approach to understanding the ECE workforce, which is a project facilitated by the University of Toronto, Atkinson Centre. This initiative will provide a provisional overview and also identify key issues/concerns voiced from the ECE's in our community, Windsor-Essex.

Atkinson Centre for Society and Child Development strives to mobilize the best available evidence to strengthen the quality of early childhood practice and inform public policy and discourse. In partnership with George Brown College's School of Early Childhood, the Centre provides training in policy research to undergraduate and graduate students. The Centre is guided by an understanding of the reciprocal nature of research, policy and practice and works in collaboration with advocates and researchers across Canada. Researchers with the Atkinson Centre at the University of Toronto are conducting a study of staff (supervisors, directors, RECEs, DECEs, non-ECEs, ECAs, and special needs support staff) in licensed child care centres, after-school programs, Full Day Kindergarten, early years programs, EarlyON, and staff and providers in licensed home child care. The study is being conducted for Children's Service Managers in 43 regional governments and the College of Early Childhood Educators (CECE), with support from the Ontario Municipal Social Services Association (OMSSA). Atkinson Centre plans to explore the feasibility of creating a sustainable, regional-level child care and early years workforce data collection process, whose findings could also be rolled up to provide a province- wide picture.

Data from the survey will help inform the development of a workforce strategy to support the advancement of a diverse, trained and thriving workforce that delivers high-quality programs to meet the needs of all children and their families. The information will be used to identify trends in educator recruitment and retention, provide information about working conditions and work satisfaction, and allow for the sharing of promising practices.

Knowing our Numbers is a province wide collection system with a local lens. Findings will allow for community comparators, highlight common trends, identify staffing gaps and workforce deserts, track year-by-year trends and regional strengths, and pinpoint priority areas.

Phase 1: Achieving Success

- An overview of data currently being collected by each Municipal Service Managers (CMSM)
- Identification of data gaps across the province
- Partners will be identified to support ongoing data collection and analysis

Phase 2: Achieving Quality

- Review wages of professions with similar qualifications/experience as Early Childhood Educators
- Design a survey tool for collection to examine wages, staff turnover, recruitment challenges, job satisfaction
- Review of current living wages
- Data collection, analysis and reporting

SOCIAL DETERMINANTS OF HEALTH & 0-3 INTERRAI EARLY YEARS

This Social Determinants of Health Report was compiled by Children First and is a representation of children and families involved with the agency locally (2017-2020).

InterRAI Early Years is a comprehensive assessment instrument specifically for evaluating the needs, strengths and preferences for infants, toddlers and preschoolers ages zero to 47 months with developmental, social, behavioural or emotional concerns as well as physical and intellectual delays or disabilities.

According to the World Health Organization, the social determinants of health (SDH) are the non-medical factors that influence health outcomes. They are the conditions in which people are born, grow, work, live, and age, and the wider set of forces and systems shaping the conditions of daily life. These forces and systems include economic policies and systems, development agendas, social norms, social policies and political systems.

WINDSOR-ESSEX CHILD CARE EXPANSION SURVEY

Ontario's Vision for the Canada-Wide Early Learning and Child Care (CWELCC) system is that more families in Ontario have access to high quality, affordable, flexible, and inclusive early learning and child care no matter where they live. As the CMSM, Children's Services conducted a survey to review the needs in Windsor-Essex. The data was provided and reviewed with the child care community. This data helped inform system planning and to determine opportunities to support services.

The Child Care Expansion survey was conducted in January 2023. Out of 156 child care centres, **113 responses were provided:**

- 43% of these child care centres are stand alone sites in the community
- 55% of these child care centres are within a school
- 14% are for profit child care centres
- 86% are not for profit child care centres
- 82% of child care centres reported that they are not at full licensed capacity

CHILD CARE WAITLIST

Of the 43 centres that responded to the question, *do you have a waitlist?* **93%** said **yes**, resulting in the following pressures by age group:

INCREASING CAPACITY

112 centres responded: **64%** are interested in increasing operating capacity to full licensed capacity

SPECIAL NEEDS RESOURCING

- 107 centres responded to the question, do you currently have children with special needs attending your centre? 66% said yes while 34% said no
- 111 centres responded to the question, has your centre ever turned away children with special needs? 9% responded with yes

BEST START NEIGHBOURHOODS

Best Start Neighbourhoods (BSN) were established in partnership with the former Best Start Network (now the CYPC) in 2006. Understanding that consistent usage of boundaries is critical in making comparisons of data over periods of time, between neighbourhoods or other geographies, BSN were developed. BSNs are geographical areas in Windsor-Essex used by the City of Windsor, Children's Services for planning purposes.

Aligning with the Ministry of Education vision of "Schools First" concept, the opportunity for the creation of a hub including a child care and Early Years program was developed. These services would be accessible to children and families living in Windsor-Essex prior to utilizing the school system.

A total of seven (7) best start neighbourhoods have been established for the City of Windsor and seven (7) best start neighbourhoods have been established for Essex County.

WINDSOR-ESSEX DIRECTED GROWTH EXPANSION: SPACES 2022-2026

Funded through CWELCC, the Ministry of Education led the directed growth plan including the creation of 86,000 **(1,587 spaces allocated for Windsor-Essex)** new high-quality, affordable licensed child care spaces (relative to 2019 levels), predominantly through not-for-profit licensed child care.

TOTAL SPACE ALLOCATION (1,587)	2022	2023	2024	2025	2026
School Based Spaces	146	288		73	171
Community Based Spaces	134	*	266	365	144
Total Spaces	280	288	266	438	315

*50 community spaces were moved from 2023 to 2024

According to the 2023 Canada-Wide Early Learning and Child Care (CWELCC) guidelines, there is a commitment to the protection of for-profit and non-profit child care spaces in the province. The proportion of not-for-profit licensed child care spaces for children age 0 to 5 years, must be maintained at 70% or increased by the end of the CWELCC agreement.

The 4P's for Directed Growth: Purpose, Planning, Priorities & Process

Moving forward, the City of Windsor, Children's Services identified the **4** Ps for Child Care Directed Growth: Purpose, Planning, Priorities and Process to work towards a successful directed growth plan for the Windsor-Essex community.

4 P'S FOR CHILD CARE DIRECTED GROWTH: PURPOSE

Ontario's Vision for the Canada-Wide Early Learning and Child Care (CWELCC) system is that more families in Ontario have access to high quality, affordable, flexible and inclusive early learning and child care no matter where they live.

As part of the CWELCC Directed Growth Plan, the Ministry of Education (MEDU) identifies the criteria for priority neighbourhoods as follows:

- Low-Income families
- Children with disabilities and children needing enhances or individual supports
- Francophone children
- Indigenous children
- Black children
- Other racialized children
- New Immigrants

4 P'S FOR CHILD CARE DIRECTED GROWTH: PLANNING

The following data collection was compiled during the creation of the Service System Plan 2020-2025 and has been used as a resource with CWELCC Directed Growth:

- EDI: Early Development Instrument, Cycle 5 2017-2018
- Social Risk Index 2016
- The Journey Together, 2017 (Indigenous Led)
- The OEYCFC Initial Plan (Ontario Early Years Child and Family Centres), 2017
- Child Care Environmental Scan, 2017
- Special Needs Resourcing Funding Review, 2019

In addition to the above data listed, the **Service System Plan** identified the following concerns:

- In the County, child care centres are spread further apart, while supply is similar, access is less convenient
- Infant care appears to be lacking in some areas, particularly in Essex
- 40% of families (almost half) in Amherstburg and Essex reported that they had to use more than one location to meet their child care needs
- Many families with children who have special needs, have to use more than one child care provider
- Lack of extended hours is an issue
- Many parents reported having made employment decisions as a result of child care difficulties, particularly for parents in Forest Glade/Riverside, Amherstburg and Leamington
- Local challenges include lack of high-quality staff and associated staff turnover

4 P'S FOR CHILD CARE DIRECTED GROWTH: PRIORITIES

RIORITIES

Priorities have been identified through the planning phase to determine expansion spaces/areas of need based on the best start neighbourhoods. The priority neighbourhoods are identified as:

Dedicated age requirement is set at 0- 6 years; however, we continue to review the needs of school age child care spaces on a regular basis.

4 P'S FOR CHILD CARE DIRECTED GROWTH: PROCESS

The City of Windsor, Children's Services has taken on a phased process for directed growth child care expansion of current child care locations. Priority will be based on child care centres within Windsor-Essex in the priority neighbourhoods.

Phase 1: Note their interest- Expression of interest application and start up grant application is sent

Phase 2: Formal application including detailed information and financial documentation

Phase 3: Letter of application approval sent, additional promissory letter may be sent

Phase 4: Once finalized between parties, service agreement amended or enter into a new agreement once final plans are made/approved

PRIORITY NEIGHBOURHOODS WITHIN THE CITY

Priority neighbourhoods were determined utilizing the compiled data outlined previously in this document. The top neighbourhoods within the City listed by BSN are identified as: *Central (10), East/Fontainebleau (7), West (6) and Forest Glade/ Riverside (2)*

WINDSOR-ESSEX COUNTY CHILDREN AND YOUTH PLANNING COMMITTEE: TERMS OF REFERENCE

The Windsor-Essex County Children and Youth Planning Committee is working to build an effective integrated system of services that supports children and youth, ages birth to 12 years and their families. The committee provides leadership for this process in the form of input, advice and recommendations. This serves to inform the broader system planning as well as planning done by individual agencies/sectors in an effort to integrate services into a system and create a seamless service experience for children, youth and their families.

Vision: All children, youth and families are healthy and valued.

Mission Statement: Through a collaborative, integrated approach, we plan, lead and implement strategies to achieve the best outcomes for children, youth and families in Windsor-Essex County.

Guiding Principles: The following principles guide the work of the Children and Youth Planning Committee:

Family Centred	Children, youth and families are our priority. They are engaged in	
	decisions made and plans developed.	
Respect	We value each other's knowledge and input and commit to treating each	
	other with integrity and respect.	
Accountable	We accomplish our work in a professional and transparent manner and	
	are accountable to families, communities and other planning groups.	
Strength Based	We plan together for an integrated service system that builds on strengths	
-	of children, youth, families and our community.	
Responsive	We aspire to create an integrated service system that is responsive to the	
	changing needs of children, youth and families.	
Inclusive	We plan for an integrated service system that is uniquely designed to	
	meet the needs of all children, youth and families and celebrates	
	differences to foster a sense of belonging.	
Evidence Based	We plan together for an integrated service system that is evidence based	
	and outcome focused.	

Outcome

We will achieve the following outcomes for all children, youth and their families:

- Improved quality of life
- Increased integration of services
- Improved access to services and supports
- Increased quality of services and supports
- Increased engagement of stakeholders in service planning

Structure and Membership

The Windsor-Essex County Children and Youth Planning Committee is comprised of representatives from a diverse cross sector of agencies that reflect the unique composition of our community. Individuals representing agencies at the planning table reflect the mandate of their organization and those individuals representing sectors reflect the views of the sector.

It is the expectation that additional members will join the table as gaps in representation of services for children and youth are identified. The planning table is comprised of (but not limited to) representatives from the following organizations/sectors:

- The City of Windsor, Manager of Children's Services (Chair)
- Parent Representatives
- Data Analysis Coordinator
- Community Engagement Coordinator
- EarlyON Child and Family Centres (City of Windsor and Agency Led)
- Local School Boards (Greater Essex County District School Board, Windsor-Essex Catholic District School Board, Conseil Scolaire de District du Centre-Sud-Ouest, Conseil Scolaire de District des Ecoles Catholiques du Sud-Ouest, John McGivney Children's Centre School Authority)

In order to maintain equity in representation, one representative will be identified for each agency/sector, except in cases where an agency has multi-program delivery which requires program specific representation. When unable to attend meetings, the member may name a replacement representative. Sector representation such as child care and EarlyON Child and Family Centre satellites have a two year term and the call for membership goes out to the sector on a bi-annual basis to ensure an inclusive approach.

This committee is chaired by the City of Windsor, Manager of Children's Services.

The Children and Youth Planning Committee has five Networks which report to the main committee. The five Networks include (see organizational chart below):

Network	Burbasa
	Purpose
Inclusion Network	The purpose of the Inclusion Network is to give input/advice to the City of Windsor as Consolidated Municipal Service Manager (CMSM) for
	child care in Windsor/Essex County. This advice will serve to assist in
	service system management responsibilities for the planning and
	implementation of services for children with special needs ages 0 – 12
	years with a focus on children ages 0 to 5 years, including the transition
	to services with the Boards of Education.
EarlyON Child and Family	The purpose of the EarlyON Child & Family Centre Network is to give
Centre Network	input/advice to the City of Windsor as the Consolidated Municipal
	Service Manager (CMSM) with respect to identifying gaps and overlaps
	of early years services for families with children 0 - 6 years and to
	integrate parenting programs into the early learning and care hubs.
Professional Development	The purpose of the Professional Development Network is to give
Network	input/advice to the City of Windsor as Consolidated Municipal Service
Network	
	Manager (CMSM) for training opportunities to early childhood
	educators/caregivers working with children ages 0 to 12 years of age in
	early learning programs in Windsor/Essex County. Through the CMSM,
	this committee will also provide advice to the Ministry of Education
	(MEDU) on issues relative to the needs of early childhood educators/
	caregivers providing services to children and their families in our
	community.
Urban Indigenous Early Child	The purpose of the Urban Indigenous Early Child Development Network
Development Network	will be to give input/advice to the City of Windsor as Consolidated
	Municipal Service Manager (CMSM) for planning purposes as it relates
	to child care, EarlyON Child and Family Centres and system integration
	for children and youth in Windsor/Essex County. Through the CMSM,
	this network will also provide advice to the Ministry of Education (MEDU)
	on issues relative to the needs of children and their families in our
	community.
Child Care Network	The purpose of the Child Care Network is to provide input/advice to the
oning oure network	City of Windsor as Consolidated Municipal Service Manager (CMSM) for
	child care and as applicable to the Windsor-Essex County Children and
	Youth Planning Committee. This advice will serve to assist in service
	system management responsibilities for the planning and delivery child
	care funding and child care services. Through the CMSM, this
	committee will also provide input/advice to the Ministry of Education
	(MEDU) as applicable.

Each Network has its own Terms of Reference.

The chair/those with responsibility for the program area of each of the Networks sits on the Children and Youth Planning Committee. The agenda of the Children and Youth Planning Committee has a standing agenda item for Network reporting. Each of the chairs reports back on the work of the Networks. These updates are usually verbal in nature and they then appear in the minutes of the meeting for others to review. In some cases, the chair of the Network brings a recommendation for approval and/or a document for review and input.

On occasion, a working group or task group is established to work on a specific, time limited task.

Decision Making

It is a clear expectation that all committee members will work cooperatively and collaboratively in decision-making and implementation activities, with a primary focus on broad community needs and the needs of all children and families rather than individual agency interests. Due to this, a consensus decision making model is employed by the planning committee and its networks. If consensus can't be reached, the majority will rule.
