Mayor's Message

"The Earth is a fine place and worth fighting for."
- Ernest Hemingway

As Mayor, I am proud to reaffirm the City of Windsor's unwavering commitment to building a greener, healthier, and more sustainable community. Each of us has a vital role in protecting and preserving our environment. Every small choice we make each day shapes the world we leave behind. The question becomes: what kind of future do we want to create?

As we step into 2025, Windsor stands at the forefront of transformative growth and opportunity. With monumental infrastructure projects like the NextStar EV battery manufacturing facility, progress on the Gordie Howe International Bridge, and our new Windsor-Essex Acute Care Hospital development, we are witnessing incredible economic momentum paired with unprecedented population growth. This growth brings new opportunities and also demands a unified effort to enhance City infrastructure, improve services, and ensure Windsor remains a beacon of sustainability and resilience.

Windsor stands among 195 cities worldwide recognized by the CDP for its leadership in emission reduction, proudly progressing toward achieving net-zero emissions by 2030. A significant step in this journey will come in October with the launch of Windsor's Food and Organic Waste Program. This initiative will reduce our environmental footprint and mark a key milestone in our shared commitment to a net-zero future. As we adapt to this change, collection may look different than what residents are used to. We ask for your patience during the transition. Rest assured, you will receive guidance and resources to help make this program a success.

As we begin a new year, we look to continue reducing our environmental footprint and taking important steps to support a net-zero transition, even as we continue Building Windsor's Future, actively implementing our Sewer and Coastal Flood Management Plan, and supporting the growth of an EV cluster.

This calendar provides important information, offering essential tips on recycling and proper waste preparation. With the transition of recycling responsibilities to producers now complete, Windsorites can focus on fostering a positive impact by reducing waste and promoting sustainable habits. Should you have any questions or concerns, remember that our 311 service is always here to assist you. We are all in this together, and I ask you to join me in the worthy cause to sustain the river and the land that sustains us all. Thank you for contributing to a stronger community, for everyone who calls Windsor 'home' today, and for all the generations to come.

Sincerely,

Drew Dilkens,
City of Windsor Mayor

Missed Collections

Missed collections are upsetting, but there is usually a reason why material was not collected as expected.

To ensure your materials are collected, please make sure they are:

- In acceptable containers (see page 3). Garbage must be placed in bags inside hard sided containers.
- **Out by 6:00 a.m.**
- **Do not overfill containers or place bags on top of containers.**
- **Not altered.** Lids must not be tied to pails.
- Within the weight limit of 20 kg (45 lbs).
- Not hidden behind a vehicle, snow bank, or other obstruction.
- Material is not frozen in pails and /or containers.
- Free of prohibited material (e.g. hazardous or construction/renovation waste).

Other reasons for missed collections are:

- Syringes found in garbage pails or recycling boxes.
- Garbage/Organics/Yard Waste not scheduled for collection that particular day/week.
- Damaged containers/carts i.e. missing bar, wheels or handle.

If an item is not collected for reasons other than the above, please call **311**.

TIP: Put drainage holes in the bottom of your container to allow liquids to drain out.

THE GREEN BINS ARE COMING!

The EWSWA is rolling out the new Green Bin collection program to keep food waste and organics out of the Essex-Windsor Regional Landfill. Bin delivery to all single-family households in Phase 1 runs from July to October. Over 150,000 homes will receive Green Bins, so please be patient – yours will be delivered before the October 21st program launch.

What To Expect

- Delivery schedules can be found on the Recycle Coach app, the EWSWA website (www.ewswa.org) and social media.
- Your 120L EWSWA Green Bin has a gravity lock and comes with a Starter Kit that includes a kitchen catcher, sample compostable bag, and information on using the Green Bin.
- Collection starts in October, so please be sure to store your Green Bin safely until then.

NOTE:
Only EWSWA
Green Bins will
be collected.

Download the Recycle Coach app

DON'T FREEZE THIS WINTER

Keep It Green with the Green Bin Program

Winter's cold weather can present unique challenges. Here are some useful cold weather tips to help you "stay green" all year.

Check out the winter tips!

1. Line the bottom of your Green Bin with a layer of cardboard, newspaper, or a paper egg carton to prevent contents from freezing to the Bin.
2. Drain liquids before you put food waste and other organics into your Bin.
3. Where possible, try to set out your Bin the morning of collection (by 6 AM) to avoid material freezing to the Bin.

Download the Recycle Coach app for Green Bin program updates.

STAY GREEN THIS WINTER WITH THE GREEN TEAM

Be a Green Superhero all year-round! Help make the Region greener by using the Green Bin instead of your garbage for food waste and organics. It's a lot easier than you might think - even in the winter. It's just a different bin!

Is It Really Garbage?

- On average, households in Windsor throw away 650kg (1,433 lbs) of garbage per year, taking up valuable space in our landfill.
- Donations to charitable organizations are a great way to avoid sending reusable items to the landfill. Before throwing out furniture, clothing, shoes, appliances or toys, consider donating to a local organization such as:

Rat Extermination Program

Are Rats making it difficult to enjoy your yard?

Minimize interaction by following these simple steps:

- Ensure your garbage container is in good condition and has a secured lid.
- Eliminate sources of water in bird baths, ponds, etc.
- If you feed any animals outside, limit the length of time pet food is placed out.
- Keep your yard free of debris, unsecured garbage and rotting fruits/vegetables.
- If you suspect rats are living on your property, call **311** to inquire about City baiting services. Residential external baiting service only (Program subject to Council approval).

For more information on Nuisance Animals, please visit www.wingsrehab.ca;
