Mayor's Message

"You cannot get through a single day without having an impact on the world around you." - Jane Goodall

The City of Windsor remains committed to making our community cleaner, greener, healthier and more sustainable. Each of us has an important role to play and is responsible for helping to protect and preserve our environment. Our individual day-to-day choices and actions directly impact our planet. The question becomes – what sort of impact do you want to have?

Windsor is at an inflection point, facing incredible economic opportunities and significant growth in jobs. With large-scale infrastructure projects like the NextStar EV battery manufacturing facility, Gordie Howe International Bridge, and new Windsor-Essex Acute Care Hospital underway in our community, we are seeing major investments in Windsor's economy, and the incredible population growth that comes with this evolution. With this expansion comes more stress on City infrastructure, increased demand for City services, and the need for an even greater collective effort to keep our community clean, green, sustainable and resilient.

As of the end of 2023, Windsor is one of a new class of 119 cities to receive top score on climate action from environmental impact non-profit CDP. We are actively implementing our Sewer and Coastal Flood Management Plan, supporting the growth of an EV cluster, and taking many steps to support a net-zero transition. We are also focused, as a City Council and City Administration, on our Food and Organic waste program, to be implemented in 2025. Folks can expect lots of helpful information on that program in the lead-up to its launch. These projects make a big difference in our community, and so can you as a valued resident.

This calendar provides important information and tips on what items can be recycled, and how to prepare them. Remember that recycling will change from a Municipal responsibility to a Producer responsibility as of the end of August 2024. While you should not see any difference in your collection, please call 311 if any concerns arise. We ask Windsorites to continue making positive strides in this area. We are all in this together, and I ask you to join me in the worthy cause to sustain the river and the land that sustain us. Thank you for contributing to a stronger community for everyone who calls Windsor 'home' today, and for all the generations to come.

Sincerely,

Drew Dilkens,
City of Windsor Mayor

Missed Collections

Missed collections are upsetting, but there is usually a reason why material was not collected as expected.

To ensure your materials are collected, please make sure they are:

- In acceptable containers (see page 3). Garbage must be placed in bags inside hard sided containers.
- **Out by 6:00 a.m.**
- **Do not overfill containers or place bags on top of containers.**
- **Not altered.** Lids must not be tied to pails.
- Within the weight limit of 20 kg (45 lbs).
- Not hidden behind a vehicle, snow bank, or other obstruction.
- Material is not frozen in pails and /or containers.
- Free of prohibited material (e.g. hazardous or construction/renovation waste).

Other reasons for missed collections are:

- Recyclables not separated properly in Red/Blue Box.
- Syringes found in garbage pails or recycling boxes.
- Garbage/Recyclables/Yard Waste not scheduled for collection that particular day/week.
- Damaged containers/carts i.e. missing bar, wheels or handle.

If an item is not collected for reasons other than the above, please call 311.

TIP: Put drainage holes in the bottom of your container to allow liquids to drain out.

Bulk Item Collection

Did you know? Dumping any material on public or private property is illegal, makes our community less attractive, and requires costly clean up.

To dispose of unwanted furniture and large items:

- Consider donation or selling any item in good condition (see page 14).
- Bring the item to the Public Drop Off Depot (see back cover; fees apply).
- Call **311** to schedule a **Bulk Item Pick Up**
 - Items must be placed at the curb (not in the alley) **by 6am** on designated day.
 - Items must be less than 200 lbs, under 4ft. wide and 8ft. in length.
 - Restrictions apply; visit www.citywindsor.ca or call **311** for more details.
 - Fees may apply; program is subject to Council approval.

Is It Really Garbage?

- On average, households in Windsor throw away 650kg (1,433 lbs) of garbage per year, taking up valuable space in our landfill.
- Donations to charitable organizations are a great way to avoid sending reusable items to the landfill. Before throwing out furniture, clothing, shoes, appliances or toys, consider donating to a local organization such as:

Rat Extermination Program

Are Rats making it difficult to enjoy your yard?

Minimize interaction by following these simple steps:

- Ensure your garbage container is in good condition and has a secured lid.
- Eliminate sources of water in bird baths, ponds, etc.
- If you feed any animals outside, limit the length of time pet food is placed out.
- Keep your yard free of debris, unsecured garbage and rotting fruits/vegetables.
- If you suspect rats are living on your property, call **311** to inquire about City baiting services. Residential external baiting service only (Program subject to Council approval).
