

NOTICE OF COMPLETION

Screening under the Electricity Regulation (O. Reg. 116/01) and the Ontario Environmental Assessment Act

The City of Windsor has completed an Environmental Screening Report (ESR) under O. Reg. 116/01 and the Ontario Environmental Assessment Act for the replacement of a 1270 kW Mirreles diesel generator that has been used as an emergency back-up power supply at the Lou Romano Water Reclamation Plant (LRWRP) located at 4155 Ojibway Parkway in Windsor, Ontario. The new generator will be installed at the same location as the existing unit, though it is proposed that the new generator will serve as an emergency back-up power supply as well as being available for non-emergency use to generate and supply power during peak periods under the Provincial Global Adjustment program. The new generator will also include a Selective Catalyst Reduction System to improve the quality of exhaust emissions, as required to allow for non-emergency use.

The ESR will be available for public and agency review, from January 20, 2018 to February 19, 2018. The report is available online at: www.citywindsor.ca as well as at the following locations during regular business hours:

City Hall, Office of the City Clerk
350 City Hall Square West, Room 203, Windsor

Windsor Public Library
850 Ouellette Avenue, Windsor

If you have any questions, comments or concerns regarding the information provided in the report, please contact one of the following team members no later than February 19, 2018:

Flavio Forest, P.Eng.
Project Manager
Dillon Consulting Limited
3200 Deziel Drive, Suite 608, Windsor
Tel: 519.948.4243 ext. 3233
E-mail: fforest@dillon.ca

Ed Valdez, P.Eng.
Manager – Process Engineering and Maintenance
City of Windsor
4155 Ojibway Parkway, Windsor
Tel: 519-253-7111 ext.3366
E-mail: evaldez@citywindsor.ca

If concerns regarding this project cannot be resolved in discussion with the City of Windsor, a person/party may request the Minister of the Environment and Climate Change to issue an order for the project to comply with Part II of the Ontario Environmental Assessment Act. This is known as a "Part II Order", changing the status of the project to a full Individual Environmental Assessment. Requests must be received by the Minister at the address below by February 19, 2018. A copy of the request must also be sent to the Director of the Environmental Approvals Branch and City Clerk.

Minister Chris Ballard
Ministry of the Environment & Climate Change
77 Wellesley Street West, 11th Floor
Toronto, ON, M7A 2T5

Director, Environmental Approvals Branch
Ministry of the Environment & Climate Change
135 St. Clair Avenue West, 12th Floor
Toronto, ON M4V 1P5

City of Windsor
Office of the City Clerk
350 City Hall Square W, Room 203
Windsor, ON N9A 6S1

If no request for a Part II Order is received, the project will proceed to design and construction as outlined in the planning documentation. Information will be collected in accordance with the Freedom of Information and Protection of Privacy Act. With the exception of personal information, all comments will become part of the public record.
