

Working together really works.

The City of Windsor Employment and Training Services has been an invaluable asset in our relatively young company, not only with their assistance in sourcing prospects, but with their assistance with training expense. Our combined effort has paved the way for one First Mate trainee to acquire his license and secure a full time position with Carnival Cruise Lines. Once again with the assistance of E.T.S, we are training a new prospect for a similar long time lucrative career in the Marine Maritime industry.
