

Windsor Essex Regional CSWB Asset Map Instructions

This interactive tool has been designed to display and map information on vital community assets located across Windsor and Essex County. In this context, an asset can be an institution, service, organization or citizen association existing within Windsor and Essex County that serve as positive resources in our community. We have identified 1219 community assets and categorized them under 10 categories. **Note: All assets identified in the map have a physical address or location; virtual services or organizations that do not have a physical address are not included on the map.**

How to use the Windsor Essex Regional Community Safety and Well-being Plan Interactive map:

Map Navigation:

- You can zoom in/out of the map by clicking on the + or the – buttons. Alternatively, you can search for an address by clicking on and entering the full address. The legend has been added to view the points collected on the map, or you can click on each point within the map region to view the information.
- Another feature of this map are the category, sub-category and municipality menus along the top of the page. You can browse by any of these features to get a more detailed listing of the assets in the area you are searching in or the category you are looking for.

Zoom in:

- Double click on the map to zoom in or
- Use the +/- arrows on the sliding scale bar on the bottom right of the map. You can also use the magnifying glass to search for an address on the map.

Pan:

- Click the left mouse button and hold it, “dragging” the image in the desired direction, then release the mouse

Search for a specific location:

- Enter the address in the search box located at the top right of the map (the magnifying glass) and press enter
- The search function does not like partial names, try to be as precise as possible

Using the Category, Sub Category and Municipality functions:

To be able to narrow down the category or asset you are searching for, you can search by the category and then narrow down further by sub category. For example, you can search for Education under the

category and then further search for only elementary schools in the sub category and then be even more specific by searching for elementary schools in Tecumseh only by using the Municipality search function. Please note that you can search for more than one category and municipality at a time.
